 2.14 caregiver of the need to care for a child of the license holder.

2.15 The department may release the Social Security number only as provided in clause
 2.16 (3) and must not sell or otherwise provide individual Social Security numbers or lists of
 2.17 Social Security numbers for any other purpose.

2.18 (b) The following government data of the Department of Public Safety are

 4.4 shall include the legal description of the property.

4.5 (i) Local road authorities with roadside jurisdiction may create more restrictive
 4.6 mowing, haying, or tilling ordinances on roads under their jurisdiction.

22.21 (b) Neither the enactment of this section nor its subsequent repeal or termination
 22.22 alters the statutory or common law rights, duties, or obligations of railroad companies
 22.23 with regard to fires and other emergencies caused directly or indirectly by a railroad
 22.24 locomotive, rolling stock, contents, or railroad employees on a railroad right-of-way
 22.25 ~~or~~, operating property, or other property, or caused directly or indirectly by spill, tear,

24.23 receipt by the railroad of a completed crossing application, crossing fee, and certificate of
24.24 insurance, the utility may commence the construction of the crossing unless the railroad
24.25 notifies the utility in writing that the proposed crossing or paralleling is a serious threat to
24.26 the safe operations of the railroad or to the current use of the railroad right-of-way.

24.27 Subd. 5. **Standard crossing fee.** (a) Unless otherwise agreed by the parties or

24.29 crossing within a public right-of-way, shall pay the railroad a onetime standard crossing
24.30 fee of \$750 for each crossing. The standard crossing fee is in lieu of any license, permit,
24.31 application, processing fee, or any other fee or charge to reimburse the railroad for direct

25.16 Subd. 7. **Objection to crossing; petition to Public Utilities Commission.** (a) If
25.17 a railroad objects to the proposed crossing or paralleling due to the proposal being a
25.18 serious threat to the safe operations of the railroad or to the current use of the railroad
25.19 right-of-way, the railroad shall provide to the utility notice of the objection and the specific
25.20 basis for the objection. The railroad shall send the notice of objection to the utility by
25.21 certified mail, with return receipt requested.

25.23 Public Utilities Commission for their assistance via mediation or arbitration of the disputed
25.24 crossing application. The petition must be filed within 60 days of receipt of the objection.
25.25 Before filing a petition, the parties shall make good faith efforts to resolve the objection.

25.26 (c) If a petition is filed, the Public Utilities Commission must issue an order within
25.27 120 days of filing of the petition. The order may be appealed under chapter 14 and section

25.31 **Commission.** (a) If a railroad imposes additional requirements on a utility for crossing its
25.32 lines, other than the proposed crossing being a serious threat to the safe operations of the
25.33 railroad or to the current use of the railroad right-of-way, the utility may object to one or
25.34 more of the requirements. If it objects, the utility shall provide notice of the objection
25.35 and the specific basis for the objection to the railroad by certified mail, with return receipt
25.36 requested.

26.1 (b) If the parties are unable to resolve the objection, either party may petition the
26.2 Public Utilities Commission for resolution or modification of the additional requirements.
26.3 The petition must be filed within 60 days of receipt of the objection. Before filing a
26.4 petition, the parties shall make good faith efforts to resolve the objection.

26.5 (c) If a petition is filed, the Public Utilities Commission shall determine, after notice
26.6 and opportunity for hearing, whether special circumstances exist that necessitate additional
26.7 requirements for the placement of the crossing. The Public Utilities Commission must
26.8 issue an order within 120 days of filing of the petition. The order may be appealed under
26.9 chapter 14 and section 216B.27. The Public Utilities Commission shall assess the costs
26.10 associated with a petition equitably among the parties.

26.11 Subd. 9. **Existing agreements.** Nothing in this section prevents a railroad and a
26.12 utility from continuing under an existing agreement, or from otherwise negotiating the
26.13 terms and conditions applicable to a crossing or the resolution of any disputes relating
26.14 to the crossing. The use of this section or section 237.04 is optional. Nothing in this
26.15 section impairs the authority of a utility to secure crossing rights by easement through
26.16 exercise of the power of eminent domain.
