48.30 and are attributable to a border-to-border
48.31 touring route established by the commissioner.
48.32 This paragraph applies to roads that are

49.3 the needs result from additional traffic
49.4 generated by the border-to-border touring
49.5 route; and increased use attributable to a
49.6 border-to-border touring route has caused at
49.7 least a 50 percent increase in maintenance
49.8 costs for roads under the claimant's
49.9 jurisdiction, based on a ten-year maintenance
49.10 average. The commissioner may accept an
49.11 alternative to the ten-year maintenance average
49.12 if a jurisdiction does not have sufficient
49.13 maintenance records. The commissioner has
49.14 discretion to accept an alternative based on a
49.15 good-faith effort by the jurisdiction. Any
49.16 alternative should include baseline
49.17 maintenance costs for at least two years before
49.18 the year the route begins operating. The
49.19 ten-year maintenance average or any
49.20 alternative must be calculated from the years
49.21 immediately preceding the year the route
49.22 begins operating. Before reimbursing a claim
49.23 under this paragraph, the commissioner must
49.24 consider whether the claim is consistent with
49.25 claims made by other entities that administer
49.26 roads on the touring route, in terms of the
49.27 amount requested for reimbursement and the
49.28 frequency of claims made.

49.29 (l) \$600,000 the first year is from the
49.30 all-terrain vehicle account in the natural

57.19 Sec. 13. Minnesota Statutes 2020, section 17.4991, subdivision 3, is amended to read:

57.20 Subd. 3. **Fish health inspection.** (a) An aquatic farm propagating salmonids, catfish,
 57.21 or species on the ~~viral hemorrhagic septicemia (VHS) susceptible list published by the~~
 57.22 ~~United States Department of Agriculture, Animal and Plant Health Inspection Services,~~
 57.23 ~~VHS-susceptible-species list~~ and having an effluent discharge from the aquatic farm into
 57.24 public waters must have a fish health inspection conducted at least once every 12 months
 57.25 by a certified fish health inspector. Testing must be conducted according to laboratory
 57.26 methods of the Fish Health Blue Book or the Diagnostic Manual for Aquatic Animal
 57.27 Diseases, published by the International Office of Epizootics (OIE).

57.28 (b) An aquatic farm propagating any species on the VHS susceptible list and having an
 57.29 effluent discharge from the aquatic farm into public waters must test for VHS virus using
 57.30 the guidelines of the Fish Health Blue Book or the Diagnostic Manual for Aquatic Animal
 57.31 Diseases. The commissioner may, by written order published in the State Register, prescribe
 57.32 alternative testing time periods and methods from those prescribed in the Fish Health Blue
 57.33 Book or the OIE Diagnostic Manual if the commissioner determines that biosecurity measures

58.1 will not be compromised. These alternatives are not subject to the rulemaking provisions
58.2 of chapter 14 and section 14.386 does not apply. The commissioner must provide reasonable
58.3 notice to affected parties of any changes in testing requirements.

58.4 (c) Results of fish health inspections must be provided to the commissioner for all fish
58.5 that remain in the state. All data used to prepare and issue a fish health certificate must be
58.6 maintained for three years by the issuing fish health inspector, approved laboratory, or
58.7 accredited veterinarian.

58.8 (d) A health inspection fee must be charged based on each lot of fish sampled. The fee
58.9 by check or money order payable to the Department of Natural Resources must be prepaid
58.10 or paid at the time a bill or notice is received from the commissioner that the inspection and
58.11 processing of samples is completed.

58.12 (e) Upon receipt of payment and completion of inspection, the commissioner shall notify
58.13 the operator and issue a fish health certificate. The certification must be made according to
58.14 the Fish Health Blue Book or the Diagnostic Manual for Aquatic Animal Diseases by a
58.15 person certified as a fish health inspector.

58.16 (f) All aquatic life in transit or held at transfer stations within the state may be inspected
58.17 by the commissioner. This inspection may include the collection of stock for purposes of
58.18 pathological analysis. Sample size necessary for analysis will follow guidelines listed in
58.19 the Fish Health Blue Book or the Diagnostic Manual for Aquatic Animal Diseases.

58.20 (g) Salmonids, catfish, or species on the VHS susceptible list must have a fish health
58.21 inspection before being transported from a containment facility, unless the fish are being
58.22 transported directly to an outlet for processing or other food purposes or unless the
58.23 commissioner determines that an inspection is not needed. A fish health inspection conducted
58.24 for this purpose need only be done on the lot or lots of fish that will be transported. The
58.25 commissioner must conduct a fish health inspection requested for this purpose within five
58.26 working days of receiving written notice. Salmonids and catfish may be immediately
58.27 transported from a containment facility to another containment facility once a sample has
58.28 been obtained for a health inspection or once the five-day notice period has expired.

58.29 Sec. 14. Minnesota Statutes 2020, section 17.4992, subdivision 2, is amended to read:

58.30 Subd. 2. **Restriction on the sale of fish.** (a) Except as provided in paragraph (b), species

58.33 VHS-susceptible-species list must be free of viral hemorrhagic septicemia and species of

59.1 the family salmonidae or ictaluridae, except bullheads, must be free of certifiable diseases
59.2 if sold for stocking or transfer to another aquatic farm.

59.3 (b) The following exceptions apply to paragraph (a):

59.4 (1) eggs with enteric redmouth, whirling disease, or furunculosis may be transferred
59.5 between licensed facilities or stocked following treatment approved by the commissioner;

59.6 (2) fish with bacterial kidney disease or viral hemorrhagic septicemia may be transferred
59.7 between licensed facilities or stocked in areas where the disease has been identified as being
59.8 present; and

59.9 (3) the commissioner may allow transfer between licensed facilities or stocking of fish
59.10 with enteric redmouth or furunculosis when the commissioner determines that doing so
59.11 would pose no threat to the state's aquatic resources.

59.12 Sec. 15. Minnesota Statutes 2020, section 17.4993, subdivision 1, is amended to read:

59.13 Subdivision 1. **Taking from public waters.** (a) Under an aquatic farm license, a licensee
59.14 may take only minnow sperm, minnow eggs, and live minnows for aquatic farm purposes
59.15 from ~~public waters that have~~ a water body if:

59.16 (1) the water body has been tested for viral hemorrhagic septicemia ~~when~~ and the testing
59.17 indicates the disease is not present; or

59.18 (2) the water body is located within a viral-hemorrhagic-septicemia-free zone posted on
59.19 the Department of Natural Resources website.

59.20 (b) A licensee may take sucker eggs and sperm only in approved waters with a sucker
59.21 egg license endorsement as provided by section 17.4994.

59.22 Sec. 16. Minnesota Statutes 2020, section 35.155, subdivision 7, is amended to read:

59.23 Subd. 7. **Inspection.** (a) The Board of Animal Health must annually inspect farmed
59.24 Cervidae, farmed Cervidae facilities, and farmed Cervidae records. As coordinated by the
59.25 board, the commissioner of agriculture and an enforcement officer as defined under section
59.26 97A.015, subdivision 18, may participate in the inspection.

59.27 (b) The annual inspection must include a physical inspection of all perimeter fencing
59.28 around the facility and a viewing to verify that all animals are tagged. The owner of a farmed
59.29 Cervidae facility must present to the inspectors an accurate inventory of the owner's farmed
59.30 Cervidae and other records for review. During an annual inspection, the owner must present
59.31 individual animals in a herd for a physical inventory, if required by the board.

60.1 (c) The commissioner of natural resources may inspect farmed Cervidae, farmed Cervidae
60.2 facilities, and farmed Cervidae records with reasonable suspicion that laws protecting native
60.3 wild animals have been violated and must notify the owner in writing at the time of the
60.4 inspection of the reason for the inspection and must inform the owner in writing after the
60.5 inspection of whether (1) the cause of the inspection was unfounded; or (2) there will be an
60.6 ongoing investigation or continuing evaluation.

60.7 (d) The commissioner of natural resources may inspect farmed white-tailed deer according
60.8 to the concurrent authority granted under subdivision 14.

60.9 Sec. 17. Minnesota Statutes 2020, section 35.155, is amended by adding a subdivision to
60.10 read:

60.11 Subd. 14. Concurrent authority; regulating farmed white-tailed deer. (a) The
60.12 commissioner of natural resources and the Board of Animal Health possess concurrent
60.13 authority to regulate farmed white-tailed deer under this section, sections 35.92 to 35.96,
60.14 and any administrative rules adopted pursuant to this section or sections 35.92 to 35.96.
60.15 This does not confer to the commissioner any additional authorities under chapter 35, other
60.16 than those set forth in sections 35.155 and 35.92 to 35.96, and any administrative rules
60.17 adopted thereto.

60.18 (b) By February 1, 2022, the commissioner of natural resources, in conjunction with the
60.19 Board of Animal Health, must submit a report to the chairs and ranking minority members
60.20 of the legislative committees and divisions with jurisdiction over the environment and
60.21 natural resources and agriculture on the implementation of the concurrent authority under
60.22 this section. The report must include:

60.23 (1) a summary of how the agencies worked together under this section, including
60.24 identification of any challenges;

60.25 (2) an assessment of ongoing challenges to managing chronic wasting disease in this
60.26 state; and

60.27 (3) recommendations for statutory and programmatic changes to help the state better
60.28 manage the disease.

60.29 Sec. 18. Minnesota Statutes 2020, section 84.027, subdivision 13a, is amended to read:

60.30 Subd. 13a. ~~Game and fish~~ Natural resources expedited permanent rules. (a) In
60.31 addition to the authority granted in subdivision 13, the commissioner of natural resources
60.32 may adopt rules under section 14.389 that are authorized under:

61.1 (1) chapters 97A, 97B, and 97C to describe zone or permit area boundaries, to designate
 61.2 fish spawning beds or fish preserves, to select hunters or anglers for areas, to provide for
 61.3 registration of game or fish, to prevent or control wildlife disease, or to correct errors or
 61.4 omissions in rules that do not have a substantive effect on the intent or application of the
 61.5 original rule; ~~or~~

61.6 (2) section 84D.12 to designate prohibited invasive species, regulated invasive species,
 61.7 and unregulated nonnative species; or

61.8 (3) section 116G.15 to change the placement and boundaries of land use districts
 61.9 established in the Mississippi River Corridor Critical Area.

61.10 (b) The commissioner of natural resources may adopt rules under section 14.389 that
 61.11 are authorized under chapters 97A, 97B, and 97C, for purposes in addition to those listed
 61.12 in paragraph (a), clause (1), subject to the notice and public hearing provisions of section
 61.13 14.389, subdivision 5.

61.14 Sec. 19. Minnesota Statutes 2020, section 84.027, subdivision 18, is amended to read:

61.15 Subd. 18. **Permanent school fund authority; reporting.** (a) The commissioner of
 61.16 natural resources has the authority and responsibility to administer school trust lands under
 61.17 sections 92.122 and 127A.31. The commissioner shall ~~biannually~~ biennially report to the
 61.18 Legislative Permanent School Fund Commission and the legislature on the management of
 61.19 the school trust lands that shows how the commissioner has and will continue to achieve
 61.20 the following goals:

61.21 (1) manage the school trust lands efficiently and in a manner that reflects the undivided
 61.22 loyalty to the beneficiaries consistent with the commissioner's fiduciary duties;

61.23 (2) reduce the management expenditures of school trust lands and maximize the revenues
 61.24 deposited in the permanent school trust fund;

61.25 (3) manage the sale, exchange, and commercial leasing of school trust lands, requiring
 61.26 returns of not less than fair market value, to maximize the revenues deposited in the
 61.27 permanent school trust fund and retain the value from the long-term appreciation of the
 61.28 school trust lands;

61.29 (4) manage the school trust lands to maximize the long-term economic return for the
 61.30 permanent school trust fund while maintaining sound natural resource conservation and
 61.31 management principles;

62.1 (5) optimize school trust land revenues and maximize the value of the trust consistent
62.2 with balancing short-term and long-term interests, so that long-term benefits are not lost in
62.3 an effort to maximize short-term gains; and

62.4 (6) maintain the integrity of the trust and prevent the misapplication of its lands and its
62.5 revenues.

62.6 (b) When the commissioner finds an irresolvable conflict between maximizing the
62.7 long-term economic return and protecting natural resources and recreational values on
62.8 school trust lands, the commissioner shall give precedence to the long-term economic return
62.9 in managing school trust lands. By July 1, 2018, the permanent school fund must be
62.10 compensated for all school trust lands included under a designation or policy provision that
62.11 prohibits long-term economic return. The commissioner shall submit recommendations to
62.12 the appropriate legislative committees and divisions on methods of funding for the
62.13 compensation required under this paragraph, including recommendations for appropriations
62.14 from the general fund, nongeneral funds, and the state bond fund. Any uncompensated
62.15 designation or policy provision restrictions on the long-term economic return on school
62.16 trust lands remaining after July 1, 2018, must be compiled and submitted to the Legislative
62.17 Permanent School Fund Commission for review.

62.18 (c) By December 31, 2013, the report required under paragraph (a) must provide an
62.19 inventory and identification of all school trust lands that are included under a designation
62.20 or policy provision that prohibits long-term economic return. The report must include a plan
62.21 to compensate the permanent school fund through the purchase or exchange of the lands or
62.22 a plan to manage the school trust land to generate long-term economic return to the permanent
62.23 school fund. Subsequent reports under paragraph (a) must include a status report of the
62.24 commissioner's progress in maximizing the long-term economic return on lands identified
62.25 in the 2013 report.

62.26 (d) When management practices, policies, or designations by the commissioner diminish
62.27 or prohibit the long-term economic return on school trust land, the conflict must be resolved
62.28 as provided in section 92.122.

62.29 Sec. 20. Minnesota Statutes 2020, section 84.415, is amended by adding a subdivision to
62.30 read:

94.13 (1) the video display device is labeled with the manufacturer's brand, which label is
 94.14 permanently affixed and readily visible; and

94.15 (2) the manufacturer has filed a registration with the agency, as specified in subdivision
 94.16 2.

94.17 ~~(b) On or after February 1, 2008, a retailer who sells or offers for sale a new video display~~
 94.18 ~~device to a household must, before the initial offer for sale, review the agency website~~
 94.19 ~~specified in subdivision 2, paragraph (g), to determine that all new video display devices~~
 94.20 ~~that the retailer is offering for sale are labeled with the manufacturer's brands that are~~
 94.21 ~~registered with the agency.~~

94.22 (b) A retailer must not sell, offer for sale, rent, or lease a video display device unless
 94.23 the video display device is labeled according to this subdivision and listed as registered on
 94.24 the agency website according to subdivision 2.

94.25 (c) A retailer is not responsible for an unlawful sale under this subdivision if the
 94.26 manufacturer's registration expired or was revoked and the retailer took possession of the
 94.27 video display device prior to the expiration or revocation of the manufacturer's registration
 94.28 and the unlawful sale occurred within six months after the expiration or revocation.

94.29 Sec. 87. Minnesota Statutes 2020, section 115A.1314, subdivision 1, is amended to read:

94.30 Subdivision 1. **Registration fee.** (a) Each manufacturer who registers under section
 94.31 115A.1312 must, by August 15 each year, pay to the commissioner of revenue an annual

95.1 registration fee, on a form and in a manner prescribed by the commissioner of revenue. The
 95.2 commissioner of revenue must deposit the fee in the state treasury and credit the fee to the
 95.3 environmental fund.

95.4 (b) The registration fee for manufacturers that sell 100 or more video display devices
 95.5 to households in the state during the previous calendar year is \$2,500, plus a variable
 95.6 recycling fee. The registration fee for manufacturers that sell fewer than 100 video display
 95.7 devices in the state during the previous calendar year is a variable recycling fee. The variable
 95.8 recycling fee is calculated according to the formula:

95.9 $[A - (B + C)] \times D$, where:

95.10 A = the manufacturer's recycling obligation as determined under section 115A.1320;

95.11 B = the number of pounds of covered electronic devices ~~recycled by~~ that a manufacturer
 95.12 recycled or arranged to have collected and recycled from households during the immediately
 95.13 preceding program year, as reported under section 115A.1316, subdivision 1;

95.14 C = the number of phase I or phase II recycling credits a manufacturer elects to use to
 95.15 calculate the variable recycling fee; and

95.16 D = the estimated per-pound cost of recycling, initially set at \$0.50 per pound for
 95.17 manufacturers who recycle less than 50 percent of the manufacturer's recycling obligation;
 95.18 \$0.40 per pound for manufacturers who recycle at least 50 percent but less than 90 percent
 95.19 of the manufacturer's recycling obligation; \$0.30 per pound for manufacturers who recycle
 95.20 at least 90 percent but less than 100 percent of the manufacturer's recycling obligation; and
 95.21 \$0.00 per pound for manufacturers who recycle 100 percent or more of the manufacturer's
 95.22 recycling obligation.

95.23 (c) A manufacturer may petition the agency to waive the per-pound cost of recycling
 95.24 fee, element D in the formula in paragraph (b), required under this section. The agency shall
 95.25 direct the commissioner of revenue to waive the per-pound cost of recycling fee if the
 95.26 manufacturer demonstrates to the agency's satisfaction a good faith effort to meet its recycling
 95.27 obligation as determined under section 115A.1320. The petition must include:

95.28 (1) documentation that the manufacturer has met at least 75 percent of its recycling
 95.29 obligation as determined under section 115A.1320;

95.30 (2) a list of political subdivisions and public and private collectors with whom the
 95.31 manufacturer had a formal contract or agreement in effect during the previous program year
 95.32 to recycle or collect covered electronic devices;

96.1 (3) the total amounts of covered electronic devices collected from both within and outside
96.2 of the 11-county metropolitan area, as defined in subdivision 2;

96.3 (4) a description of the manufacturer's best efforts to meet its recycling obligation as
96.4 determined under section 115A.1320; and

96.5 (5) any other information requested by the agency.

96.6 (d) A manufacturer may retain phase I and phase II recycling credits to be added, in
96.7 whole or in part, to the actual value of C, as reported under section 115A.1316, subdivision
96.8 2, during any succeeding program year, provided that no more than 25 percent of a
96.9 manufacturer's recycling obligation ($A \times B$) for any program year may be met with phase
96.10 I and phase II recycling credits, separately or in combination, generated in a prior program
96.11 year. A manufacturer may sell any portion or all of its phase I and phase II recycling credits
96.12 to another manufacturer, at a price negotiated by the parties, who may use the credits in the
96.13 same manner.

96.14 (e) For the purpose of determining B in calculating a manufacturer's variable recycling
96.15 fee using the formula under paragraph (b), starting with the program year beginning July
96.16 1, 2019, and continuing each year thereafter, the weight of covered electronic devices
96.17 ~~collected from~~ that a manufacturer recycled or arranged to have collected and recycled from
96.18 households located outside the 11-county metropolitan area, as defined in subdivision 2,
96.19 paragraph (b), is calculated at 1.5 times their actual weight.

96.20 Sec. 88. Minnesota Statutes 2020, section 115A.1316, subdivision 1, is amended to read:

96.21 Subdivision 1. **Manufacturer reporting requirements.** ~~(a) By August 1, 2016, each~~
96.22 ~~manufacturer must report to the agency using the form prescribed:~~

96.23 ~~(1) the total weight of each specific model of its video display devices sold to households~~
96.24 ~~during the previous program year; and~~

96.25 ~~(2) either:~~

96.26 ~~(i) the total weight of its video display devices sold to households during the previous~~
96.27 ~~program year; or~~

96.28 ~~(ii) an estimate of the total weight of its video display devices sold to households during~~
96.29 ~~the previous program year, calculated by multiplying the weight of its video display devices~~
96.30 ~~sold nationally times the quotient of Minnesota's population divided by the national~~
96.31 ~~population. All manufacturers with sales of 99 or fewer video display devices to households~~

97.1 ~~in the state during the previous calendar year must report using the method under this item~~
 97.2 ~~for calculating sales.~~

97.3 ~~(b)~~ (a) By March 1, 2017, and each March 1 thereafter each year, each manufacturer
 97.4 must report to the agency using the form prescribed:

97.5 (1) the total weight of each specific model of its video display devices sold to households
 97.6 during the previous calendar year; and

97.7 (2) either:

97.8 (i) the total weight of its video display devices sold to households during the previous
 97.9 calendar year; or

97.10 (ii) an estimate of the total weight of its video display devices sold to households during
 97.11 the previous calendar year, calculated by multiplying the weight of its video display devices
 97.12 sold nationally times the quotient of Minnesota's population divided by the national
 97.13 population. All manufacturers with sales of 99 or fewer video display devices to households
 97.14 in the state during the previous calendar year must report using the method under this item
 97.15 for calculating sales.

97.16 A manufacturer must submit with the report required under this paragraph a description of
 97.17 how the information or estimate was calculated.

97.18 ~~(e)~~ (b) By August 15 each year, each manufacturer must report to ~~the department until~~
 97.19 ~~June 30, 2017, and to the agency thereafter;~~

97.20 (1) the total weight of covered electronic devices the manufacturer collected from
 97.21 households and recycled or arranged to have collected and recycled during the preceding
 97.22 program year;

97.23 ~~(d)~~ (c) By August 15 each year, each manufacturer must report separately to the department
 97.24 ~~until June 30, 2017, and to the agency thereafter;~~

97.25 ~~(1)~~ (2) the number of phase I and phase II recycling credits the manufacturer has
 97.26 purchased and sold during the preceding program year;

97.27 ~~(2)~~ (3) the number of phase I and phase II recycling credits possessed by the manufacturer
 97.28 that the manufacturer elects to use in the calculation of its variable recycling fee under
 97.29 section 115A.1314, subdivision 1; and

97.30 ~~(3)~~ (4) the number of phase I and phase II recycling credits the manufacturer retains at
 97.31 the beginning of the current program year.

98.1 ~~(e)~~ (c) Upon request of the commissioner of revenue, the agency shall provide a copy
98.2 of each report to the commissioner of revenue.

98.3 Sec. 89. Minnesota Statutes 2020, section 115A.1318, subdivision 2, is amended to read:

98.4 Subd. 2. **Recycler responsibilities.** (a) As part of the report submitted under section
98.5 115A.1316, subdivision 2, a recycler must certify, except as provided in paragraph (b), that
98.6 facilities that recycle covered electronic devices, including all downstream recycling
98.7 operations:

98.8 (1) use only registered collectors;

98.9 (2) comply with all applicable health, environmental, safety, and financial responsibility
98.10 regulations;

98.11 (3) are licensed by all applicable governmental authorities;

98.12 (4) use no prison labor to recycle video display devices;

98.13 (5) possess liability insurance of not less than \$1,000,000 for environmental releases,
98.14 accidents, and other emergencies;

98.15 (6) provide a report annually to each registered collector regarding the video display
98.16 devices received from that entity; and

98.17 (7) do not charge collectors for ~~the transportation and~~ transporting, recycling of, or any
98.18 necessary supplies related to transporting or recycling covered electronic devices that meet
98.19 a manufacturer's recycling obligation as determined under section 115A.1320, unless
98.20 otherwise mutually agreed upon.

98.21 (b) A nonprofit corporation that contracts with a correctional institution to refurbish and
98.22 reuse donated computers in schools is exempt from paragraph (a), clauses (4) and (5).

98.23 (c) Except to the extent otherwise required by law and unless agreed upon otherwise by
98.24 the recycler or manufacturer, a recycler has no responsibility for any data that may be
98.25 contained in a covered electronic device if an information storage device is included in the
98.26 covered electronic device.

98.27 Sec. 90. Minnesota Statutes 2020, section 115A.1320, subdivision 1, is amended to read:

98.28 Subdivision 1. **Duties of agency.** (a) The agency shall administer sections 115A.1310
98.29 to 115A.1330.

98.30 (b) The agency shall establish procedures for:

99.1 (1) receipt and maintenance of the registration statements and certifications filed with
99.2 the agency under section 115A.1312; and

99.3 (2) making the statements and certifications easily available to manufacturers, retailers,
99.4 and members of the public.

99.5 (c) The agency shall annually review the following variables that are used to calculate
99.6 a manufacturer's annual registration fee under section 115A.1314, subdivision 1:

99.7 (1) the obligation-setting mechanism for manufacturers as specified under paragraph
99.8 (g);

99.9 (2) the estimated per-pound price of recycling covered electronic devices sold to
99.10 households; and

99.11 (3) the base registration fee.

99.12 (d) If the agency determines that any of these values must be changed in order to improve
99.13 the efficiency or effectiveness of the activities regulated under sections 115A.1312 to
99.14 115A.1330, or if the revenues exceed the amount that the agency determines is necessary,
99.15 the agency shall submit recommended changes and the reasons for them to the chairs of the
99.16 senate and house of representatives committees with jurisdiction over solid waste policy.

99.17 (e) By ~~September 1, 2016, and by May 1, 2017, and each May 1 thereafter~~ each year,
99.18 the agency shall publish a statewide recycling goal for all video display device waste that
99.19 is the weight of all video display devices collected for recycling during each of the three
99.20 most recently completed program years, excluding the most recently concluded program
99.21 year, divided by two. ~~For the program years beginning July 1, 2016, July 1, 2017, and July~~
99.22 ~~1, 2018, the agency shall establish and publish separate statewide recycling goals for video~~
99.23 ~~display devices as follows:~~

99.24 ~~(1) the agency shall set the statewide recycling goal for video display devices at~~
99.25 ~~25,000,000 pounds, 23,000,000 pounds, and 21,000,000 pounds, respectively, during these~~
99.26 ~~successive program years;~~

99.27 ~~(2) the agency shall set the recycling goal for televisions at 80 percent of the applicable~~
99.28 ~~amount in clause (1); and~~

99.29 ~~(3) the agency shall set the recycling goal for computer monitors at 20 percent of the~~
99.30 ~~applicable amount in clause (1).~~

99.31 (f) By ~~September 1, 2016, and by May 1, 2017, and each May 1 thereafter~~ each year,
99.32 the agency shall determine each registered manufacturer's market share of video display

100.1 devices to be collected and recycled based on the manufacturer's percentage share of the
100.2 total weight of video display devices sold as reported to the agency under section 115A.1316,
100.3 subdivision 1.

100.4 (g) By ~~September 1, 2016, and by May 1, 2017, and each May 1 thereafter~~ each year,
100.5 the agency shall provide each manufacturer with a determination of the manufacturer's share
100.6 of video display devices to be collected and recycled. A manufacturer's market share of
100.7 video display devices as specified in paragraph (f) is applied proportionally to the statewide
100.8 recycling goal as specified in paragraph (e) to determine an individual manufacturer's
100.9 recycling obligation. Upon request by the commissioner of revenue, the agency must provide
100.10 the information submitted to manufacturers under this paragraph to the commissioner of
100.11 revenue.

100.12 (h) The agency shall provide a report to the governor and the legislature on the
100.13 implementation of sections 115A.1310 to 115A.1330. For each program year, the report
100.14 must discuss the total weight of covered electronic devices recycled and a summary of
100.15 information in the reports submitted by manufacturers and recyclers under section 115A.1316.
100.16 The report must also discuss the various collection programs used by manufacturers to
100.17 collect covered electronic devices; information regarding covered electronic devices that
100.18 are being collected by persons other than registered manufacturers, collectors, and recyclers;
100.19 and information about covered electronic devices, if any, being disposed of in landfills in
100.20 this state. The report must examine which covered electronic devices, based on economic
100.21 and environmental considerations, should be subject to the obligation-setting mechanism
100.22 under paragraph (g). The report must include a description of enforcement actions under
100.23 sections 115A.1310 to 115A.1330. The agency may include in its report other information
100.24 received by the agency regarding the implementation of sections 115A.1312 to 115A.1330.
100.25 The report must be done in conjunction with the report required under section 115A.121.

100.26 (i) The agency shall promote public participation in the activities regulated under sections
100.27 115A.1312 to 115A.1330 through public education and outreach efforts.

100.28 (j) The agency shall enforce sections 115A.1310 to 115A.1330 in the manner provided
100.29 by sections 115.071, subdivisions 1, 3, 4, 5, and 6; and 116.072, except for those provisions
100.30 enforced by the department, as provided in subdivision 2. The agency may revoke a
100.31 registration of a collector or recycler found to have violated sections 115A.1310 to
100.32 115A.1330.

101.1 (k) The agency shall facilitate communication between counties, collection and recycling
101.2 centers, and manufacturers to ensure that manufacturers are aware of video display devices
101.3 available for recycling.

101.4 (l) The agency shall post on its website the contact information provided by each
101.5 manufacturer under section 115A.1318, subdivision 1, paragraph (e).

101.6 Sec. 91. Minnesota Statutes 2020, section 115A.5501, subdivision 3, is amended to read:

101.7 Subd. 3. **Facility cooperation and reports.** (a) The owner or operator of a facility shall
101.8 allow access upon reasonable notice to authorized agency staff for the purpose of conducting
101.9 waste composition studies or otherwise assessing the amount of total packaging in the waste
101.10 delivered to the facility under this section.

101.11 ~~(b) Beginning in 1993, by February 1 of each year the owner or operator of a facility~~
101.12 ~~governed by this subdivision shall submit a report to the commissioner, on a form prescribed~~
101.13 ~~by the commissioner, specifying the total amount of solid waste received by the facility~~
101.14 ~~between January 1 and December 31 of the previous year. The commissioner shall calculate~~
101.15 ~~the total amount of solid waste delivered to solid waste facilities from the reports received~~
101.16 ~~from the facility owners or operators and shall report the aggregate amount by April 1 of~~
101.17 ~~each year. The commissioner shall assess a nonforgivable administrative penalty under~~
101.18 ~~section 116.072 of \$500 plus any forgivable amount necessary to enforce this subdivision~~
101.19 ~~on any owner or operator who fails to submit a report required by this subdivision.~~

101.20 Sec. 92. Minnesota Statutes 2020, section 115A.565, subdivision 1, is amended to read:

101.21 Subdivision 1. **Grant program established.** The commissioner ~~shall~~ must make
101.22 competitive grants to political subdivisions or federally recognized tribes to establish curbside
101.23 recycling or composting, increase recycling or composting, reduce the amount of recyclable
101.24 materials entering disposal facilities, or reduce the costs associated with hauling waste by
101.25 locating collection sites as close as possible to the site where the waste is generated. To be
101.26 eligible for grants under this section, a political subdivision or federally recognized tribe
101.27 must be located outside the seven-county metropolitan area and a city must have a population
101.28 of less than 45,000.

101.29 Sec. 93. Minnesota Statutes 2020, section 115B.17, subdivision 13, is amended to read:

101.30 Subd. 13. **Priorities; rules.** (a) By November 1, 1983, the Pollution Control Agency
101.31 shall establish a temporary list of priorities among releases or threatened releases for the
101.32 purpose of taking remedial action and, to the extent practicable consistent with the urgency

102.1 of the action, for taking removal action under this section. The temporary list, with any
102.2 necessary modifications, shall remain in effect until the Pollution Control Agency adopts
102.3 rules establishing state criteria for determining priorities among releases and threatened
102.4 releases. The Pollution Control Agency shall adopt the rules by July 1, 1984. After rules
102.5 are adopted, a permanent priority list shall be established, and may be modified from time
102.6 to time, using the current guidance and tools for the Hazard Ranking System adopted by
102.7 the federal Environmental Protection Agency and according to the criteria set forth in the
102.8 rules. Before any list is established under this subdivision the Pollution Control Agency
102.9 shall publish the list in the State Register and allow 30 days for comments on the list by the
102.10 public.

102.11 (b) The temporary list and the rules required by this subdivision shall be based upon the
102.12 relative risk or danger to public health or welfare or the environment, taking into account
102.13 to the extent possible the population at risk, the hazardous potential of the hazardous
102.14 substances at the facilities, the potential for contamination of drinking water supplies, the
102.15 potential for direct human contact, the potential for destruction of sensitive ecosystems, the
102.16 administrative and financial capabilities of the Pollution Control Agency, and other
102.17 appropriate factors.

102.18 Sec. 94. Minnesota Statutes 2020, section 115B.406, subdivision 1, is amended to read:

102.19 Subdivision 1. **Legislative findings.** The legislature recognizes the need to protect the
102.20 public health and welfare and the environment at priority qualified facilities. To implement
102.21 a timely and effective cleanup and prevent multiparty litigation, the legislature finds it is in
102.22 the public interest to direct the commissioner of the Pollution Control Agency to:

102.23 (1) take environmental response actions that the commissioner deems reasonable and
102.24 necessary to protect the public health or welfare or the environment at priority qualified
102.25 facilities ~~and to~~;

102.26 (2) acquire real property interests at priority qualified facilities to ensure the completion
102.27 and long-term effectiveness of environmental response actions; and

102.28 (3) prevent both an unjust financial windfall to and double liability of owners and
102.29 operators of priority qualified facilities.

102.30 **EFFECTIVE DATE.** This section is effective the day following final enactment and
102.31 applies to actions commenced on or after January 1, 2021.

103.1 Sec. 95. Minnesota Statutes 2020, section 115B.406, subdivision 9, is amended to read:

103.2 Subd. 9. **Environmental response costs; liens.** (a) All environmental response costs
103.3 and reasonable and necessary expenses, including administrative and legal expenses, incurred
103.4 by the commissioner at a priority qualified facility constitute a lien in favor of the state upon
103.5 any real property located in the state, other than homestead property, owned by the owner
103.6 or operator of the priority qualified facility who is subject to the requirements of section
103.7 115B.40, subdivision 4 or 5. Notwithstanding section 514.672, a lien under this paragraph
103.8 continues until the lien is satisfied or is released according to paragraph (c).

103.9 (b) If the commissioner conducts an environmental response action at a priority qualified
103.10 facility and the environmental response action increases the fair market value of the facility
103.11 above the fair market value of the facility that existed before the response action was initiated,
103.12 then the state has a lien on the facility for the increase in fair market value of the property
103.13 attributable to the response action, valued at the time that construction of the final
103.14 environmental response action was completed, not including operation and maintenance.
103.15 Notwithstanding section 514.672, a lien under this paragraph continues until the lien is
103.16 satisfied or is released according to paragraph (c).

103.17 (c) A lien under this subdivision paragraph (a) or (b) attaches when the environmental
103.18 response costs are first incurred. Notwithstanding section 514.672, a lien under this
103.19 subdivision continues until the lien is satisfied or six years after completion of construction
103.20 of the final environmental response action, not including operation and maintenance. Notice,
103.21 filing, and release, and enforcement of the lien are governed by sections 514.671 to 514.676,
103.22 except where those requirements specifically are related to only cleanup action expenses
103.23 as defined in section 514.671. The commissioner may release a lien under this subdivision
103.24 if the commissioner determines that attachment or enforcement of the lien is not in the
103.25 public interest. A lien under this subdivision is not subject to the foreclosure limitation
103.26 described in section 514.674, subdivision 2. Relative priority of a lien under this subdivision
103.27 is governed by section 514.672, except that a lien attached to property that was included in
103.28 any permit for the priority qualified facility takes precedence over all other liens regardless
103.29 of when the other liens were or are perfected. Amounts received to satisfy all or a part of a
103.30 lien must be deposited in the remediation fund. An environmental lien notice for a lien under
103.31 paragraph (a) or (b) must state that it is a lien in accordance with this section and identify
103.32 whether the property described in the notice was included in any permit for the priority
103.33 qualified facility.

103.34 **EFFECTIVE DATE.** This section is effective the day following final enactment and
103.35 applies to actions commenced on or after January 1, 2021.

104.1 Sec. 96. Minnesota Statutes 2020, section 115B.407, is amended to read:

104.2 **115B.407 ACQUISITION AND DISPOSITION ACQUIRING AND DISPOSING**
104.3 **OF REAL PROPERTY AT PRIORITY QUALIFIED FACILITIES.**

104.4 **Subdivision 1. Acquiring and disposing of real property.** (a) The commissioner may
104.5 acquire interests in real property by donation or eminent domain at all or a portion of a
104.6 priority qualified facility. Condemnation under this section includes acquisition of fee title
104.7 or an easement. After acquiring an interest in real property under this section, the
104.8 commissioner must take environmental response actions at the priority qualified facility
104.9 according to sections 115B.39 to 115B.414 after the legislature makes an appropriation for
104.10 that purpose.

104.11 (b) The commissioner may dispose of real property acquired under this section according
104.12 to section 115B.17, subdivision 16.

104.13 (c) Except as modified by this section, chapter 117 governs condemnation proceedings
104.14 by the commissioner under this section. The exceptions under section 117.189 apply to the
104.15 use of eminent domain authority under this section. Section 117.226 does not apply to
104.16 properties acquired by the use of eminent domain authority under this section.

104.17 (d) The state is not liable under this chapter solely as a result of acquiring an interest in
104.18 real property under this section.

104.19 **Subd. 2. Eminent domain damages.** (a) For purposes of this subdivision, the following
104.20 terms have the meanings given:

104.21 (1) "after-market value" means the property value of that portion of the subject property
104.22 remaining after a partial taking;

104.23 (2) "as remediated" means the condition of the property assuming the environmental
104.24 response actions selected by the commissioner have been completed, including environmental
104.25 covenants and easements and other institutional controls that may apply;

104.26 (3) "before-market value" means the property value of the entire subject property before
104.27 the taking, less the remediation costs;

104.28 (4) "property value" means the fair market value of the real property, as remediated, less
104.29 any reduction in value attributable to the stigma of pollution; and

104.30 (5) "remediation costs" means the reasonably foreseeable costs and expenses, including
104.31 administrative and legal expenses, that the commissioner will incur to implement the
104.32 environmental response actions that the commissioner selected for the property according

105.1 to section 115B.406, subdivision 3, less the amount, if any, that the property owner
105.2 demonstrates was released under section 115B.443, subdivision 8, which must not be greater
105.3 than the extent of insurance coverage under policies for the property included in a settlement
105.4 consistent with section 115B.443, subdivision 8.

105.5 (b) The damages awarded for condemnation of real property under this section is the
105.6 greater of \$500 or:

105.7 (1) for a total taking of the subject property, the before-market value; or

105.8 (2) for a partial taking of the subject property, the before-market value less the
105.9 after-market value.

105.10 (c) When awarding damages in a condemnation proceeding under this section, in addition
105.11 to any other requirement of chapter 117, the finder of fact must report:

105.12 (1) the amount determined for the property value of the entire subject property before
105.13 the taking; and

105.14 (2) the itemized amount determined for remediation costs.

105.15 (d) The commissioner may seek recovery of environmental response costs only to the
105.16 extent the costs exceed the lower of the remediation costs or the property value of the entire
105.17 subject property before the taking as reported under paragraph (c).

105.18 (e) If the actual expenses incurred by the commissioner to take environmental response
105.19 actions at the priority qualified facility as determined at the time construction of the final
105.20 environmental response action was completed would have yielded a higher award of damages
105.21 under this section, then the commissioner must reimburse the owner an amount equal to the
105.22 amount of damages as if the actual expenses were used instead of the remediation costs,
105.23 less any damages already awarded.

105.24 **EFFECTIVE DATE.** This section is effective the day following final enactment and
105.25 applies to actions commenced on or after January 1, 2021.

105.26 Sec. 97. Minnesota Statutes 2020, section 115B.421, is amended to read:

105.27 **115B.421 CLOSED LANDFILL INVESTMENT FUND.**

105.28 (a) The closed landfill investment fund is established in the state treasury. The fund
105.29 consists of money credited to the fund, and interest and other earnings on money in the
105.30 fund. ~~Beginning July 1, 2003,~~ Funds must be deposited as described in section 115B.445.
105.31 The fund ~~shall~~ must be managed to maximize long-term gain through the State Board of

106.1 Investment. ~~Money in the fund may be spent by the commissioner after fiscal year 2020 in~~
106.2 ~~accordance with sections 115B.39 to 115B.444.~~

106.3 (b) Each fiscal year, up to \$4,500,000 is appropriated from the closed landfill investment
106.4 fund to the commissioner for the purposes of sections 115B.39 to 115B.444.

106.5 (c) If the commissioner determines that a release or threatened release from a qualified
106.6 facility for which the commissioner has assumed obligations for environmental response
106.7 actions under section 115B.40 or 115B.406 constitutes an emergency requiring immediate
106.8 action to prevent, minimize, or mitigate damage either to the public health or welfare or the
106.9 environment or to a system designed to protect the public health or welfare or the
106.10 environment, up to \$9,000,000 in addition to the amount appropriated under paragraph (b)
106.11 is appropriated to the commissioner in the first year of the biennium and may be spent by
106.12 the commissioner to take reasonable and necessary emergency response actions. Money
106.13 not spent in the first year of the biennium may be spent in the second year. If money is
106.14 appropriated under this paragraph, the commissioner must notify the chairs of the senate
106.15 and house of representatives committees having jurisdiction over environment policy and
106.16 finance as soon as possible. The commissioner must maintain the fund balance to ensure
106.17 long-term viability of the fund and reflect the responsibility of the landfill cleanup program
106.18 in perpetuity.

106.19 (d) Paragraphs (b) and (c) expire June 30, 2025.

106.20 Sec. 98. Minnesota Statutes 2020, section 116.07, is amended by adding a subdivision to
106.21 read:

106.22 Subd. 41. **Real property interests.** (a) The commissioner may acquire interests in real
106.23 property at a solid waste disposal facility, limited to environmental covenants under chapter
106.24 114E and easements for the environmental covenants, when the commissioner determines
106.25 the property interests are related to:

106.26 (1) closure;

106.27 (2) postclosure care; and

106.28 (3) any other actions needed after the postclosure care period expires.

106.29 (b) The state is not liable under this chapter or any other law solely as a result of acquiring
106.30 an interest in real property under this section.

107.1 (c) An environmental covenant under this subdivision must be in accordance with chapter
107.2 114E and must be signed and acknowledged by every owner of the fee simple title to the
107.3 real property subject to the covenant.

107.4 Sec. 99. Minnesota Statutes 2020, section 116.07, subdivision 7, is amended to read:

107.5 Subd. 7. **Counties; processing applications for animal lot permits.** (a) Any Minnesota
107.6 county board may, by resolution, with approval of the Pollution Control Agency, assume
107.7 responsibility for processing applications for permits required by the Pollution Control
107.8 Agency under this section for livestock feedlots, poultry lots or other animal lots. The
107.9 responsibility for permit application processing, if assumed by a county, may be delegated
107.10 by the county board to any appropriate county officer or employee.

107.11 (b) For the purposes of this subdivision, the term "processing" includes:

107.12 (1) the distribution to applicants of forms provided by the Pollution Control Agency;

107.13 (2) the receipt and examination of completed application forms, and the certification,
107.14 in writing, to the Pollution Control Agency either that the animal lot facility for which a
107.15 permit is sought by an applicant will comply with applicable rules and standards, or, if the
107.16 facility will not comply, the respects in which a variance would be required for the issuance
107.17 of a permit; and

107.18 (3) rendering to applicants, upon request, assistance necessary for the proper completion
107.19 of an application.

107.20 (c) For the purposes of this subdivision, the term "processing" may include, at the option
107.21 of the county board, issuing, denying, modifying, imposing conditions upon, or revoking
107.22 permits pursuant to the provisions of this section or rules promulgated pursuant to it, subject
107.23 to review, suspension, and reversal by the Pollution Control Agency. The Pollution Control
107.24 Agency shall, after written notification, have 15 days to review, suspend, modify, or reverse
107.25 the issuance of the permit. After this period, the action of the county board is final, subject
107.26 to appeal as provided in chapter 14. For permit applications filed after October 1, 2001,
107.27 section 15.99 applies to feedlot permits issued by the agency or a county pursuant to this
107.28 subdivision.

107.29 (d) For the purpose of administration of rules adopted under this subdivision, the
107.30 commissioner and the agency may provide exceptions for cases where the owner of a feedlot
107.31 has specific written plans to close the feedlot within five years. These exceptions include
107.32 waiving requirements for major capital improvements.

108.1 (e) For purposes of this subdivision, a discharge caused by an extraordinary natural event
108.2 such as a precipitation event of greater magnitude than the 25-year, 24-hour event, tornado,
108.3 or flood in excess of the 100-year flood is not a "direct discharge of pollutants."

108.4 (f) In adopting and enforcing rules under this subdivision, the commissioner shall
108.5 cooperate closely with other governmental agencies.

108.6 (g) The Pollution Control Agency shall work with the Minnesota Extension Service, the
108.7 Department of Agriculture, the Board of Water and Soil Resources, producer groups, local
108.8 units of government, as well as with appropriate federal agencies such as the Natural
108.9 Resources Conservation Service and the Farm Service Agency, to notify and educate
108.10 producers of rules under this subdivision at the time the rules are being developed and
108.11 adopted and at least every two years thereafter.

108.12 (h) The Pollution Control Agency shall adopt rules governing the issuance and denial
108.13 of permits for livestock feedlots, poultry lots or other animal lots pursuant to this section.
108.14 Pastures are exempt from the rules authorized under this paragraph. ~~No feedlot permit shall~~
108.15 ~~include any terms or conditions that impose any requirements related to any pastures owned~~
108.16 ~~or utilized by the feedlot operator other than restrictions under a manure management plan.~~
108.17 A feedlot permit is not required for livestock feedlots with more than ten but less than 50
108.18 animal units; provided they are not in shoreland areas. A livestock feedlot permit does not
108.19 become required solely because of a change in the ownership of the buildings, grounds, or
108.20 feedlot. These rules apply both to permits issued by counties and to permits issued by the
108.21 Pollution Control Agency directly. No feedlot permit issued by the Pollution Control Agency
108.22 shall include terms or conditions that:

108.23 (1) impose requirements related to pastures owned or used by the feedlot operator other
108.24 than restrictions under a manure management plan; or

108.25 (2) require implementing nitrogen best management practices as a condition of allowing
108.26 application of manure in October.

108.27 (i) The Pollution Control Agency shall exercise supervising authority with respect to
108.28 the processing of animal lot permit applications by a county.

108.29 (j) Any new rules or amendments to existing rules proposed under the authority granted
108.30 in this subdivision, or to implement new fees on animal feedlots, must be submitted to the
108.31 members of legislative policy and finance committees with jurisdiction over agriculture and
108.32 the environment prior to final adoption. The rules must not become effective until 90 days
108.33 after the proposed rules are submitted to the members.

109.1 (k) Until new rules are adopted that provide for plans for manure storage structures, any
109.2 plans for a liquid manure storage structure must be prepared or approved by a registered
109.3 professional engineer or a United States Department of Agriculture, Natural Resources
109.4 Conservation Service employee.

109.5 (l) A county may adopt by ordinance standards for animal feedlots that are more stringent
109.6 than standards in Pollution Control Agency rules.

109.7 (m) After January 1, 2001, a county that has not accepted delegation of the feedlot permit
109.8 program must hold a public meeting prior to the agency issuing a feedlot permit for a feedlot
109.9 facility with 300 or more animal units, unless another public meeting has been held with
109.10 regard to the feedlot facility to be permitted.

109.11 (n) After the proposed rules published in the State Register, volume 24, number 25, are
109.12 finally adopted, the agency may not impose additional conditions as a part of a feedlot
109.13 permit, unless specifically required by law or agreed to by the feedlot operator.

109.14 (o) For the purposes of feedlot permitting, a discharge from land-applied manure or a
109.15 manure stockpile that is managed according to agency rule must not be subject to a fine for
109.16 a discharge violation.

109.17 (p) For the purposes of feedlot permitting, manure that is land applied, or a manure
109.18 stockpile that is managed according to agency rule, must not be considered a discharge into
109.19 waters of the state, unless the discharge is to waters of the state, as defined by section
109.20 103G.005, subdivision 17, except type 1 or type 2 wetlands, as defined in section 103G.005,
109.21 subdivision 17b, and does not meet discharge standards established for feedlots under agency
109.22 rule.

109.23 (q) Unless the upgrade is needed to correct an immediate public health threat under
109.24 section 145A.04, subdivision 8, or the facility is determined to be a concentrated animal
109.25 feeding operation under Code of Federal Regulations, title 40, section 122.23, in effect on
109.26 April 15, 2003, the agency may not require a feedlot operator:

109.27 (1) to spend more than \$3,000 to upgrade an existing feedlot with less than 300 animal
109.28 units unless cost-share money is available to the feedlot operator for 75 percent of the cost
109.29 of the upgrade; or

109.30 (2) to spend more than \$10,000 to upgrade an existing feedlot with between 300 and
109.31 500 animal units, unless cost-share money is available to the feedlot operator for 75 percent
109.32 of the cost of the upgrade or \$50,000, whichever is less.

110.1 (r) A feedlot operator who stores and applies up to 100,000 gallons per calendar year of
 110.2 private truck wash wastewater resulting from trucks that transport animals or supplies to
 110.3 and from the feedlot does not require a permit to land-apply industrial by-products if the
 110.4 feedlot operator stores and applies the wastewater in accordance with Pollution Control
 110.5 Agency requirements for land applications of industrial by-product that do not require a
 110.6 permit.

110.7 (s) A feedlot operator who holds a permit from the Pollution Control Agency to
 110.8 land-apply industrial by-products from a private truck wash is not required to have a certified
 110.9 land applicator apply the private truck wash wastewater if the wastewater is applied by the
 110.10 feedlot operator to cropland owned or leased by the feedlot operator or by a commercial
 110.11 animal waste technician licensed by the commissioner of agriculture under chapter 18C.
 110.12 For purposes of this paragraph and paragraph (r), "private truck wash" means a truck washing
 110.13 facility owned or leased, operated, and used only by a feedlot operator to wash trucks owned
 110.14 or leased by the feedlot operator and used to transport animals or supplies to and from the
 110.15 feedlot.

110.16 **EFFECTIVE DATE.** This section is effective August 31, 2021, unless the federal
 110.17 Environmental Protection Agency disapproves the changes under Code of Federal
 110.18 Regulations, title 40, section 123.62(b)(3), or other applicable federal law. The commissioner
 110.19 of the Pollution Control Agency must notify the revisor of statutes if this occurs.

110.20 Sec. 100. Minnesota Statutes 2020, section 116G.07, is amended by adding a subdivision
 110.21 to read:

110.22 **Subd. 4. Exemption; Mississippi River Corridor Critical Area.** Plans and regulations
 110.23 of local units of government within the Mississippi River Corridor Critical Area are exempt
 110.24 from subdivisions 1 to 3 and are subject to section 116G.15, subdivision 8.

110.25 **EFFECTIVE DATE.** This section is effective the day following final enactment.

110.26 Sec. 101. Minnesota Statutes 2020, section 116G.15, is amended by adding a subdivision
 110.27 to read:

110.28 **Subd. 8. Reviewing and approving local plans and regulations.** (a) In the Mississippi
 110.29 River Corridor Critical Area, the commissioner of natural resources is responsible for
 110.30 carrying out the duties of the board and the Metropolitan Council is responsible for carrying
 110.31 out the duties of the regional development commission under sections 116G.07 to 116G.10.
 110.32 Notwithstanding sections 116G.07, subdivisions 2 and 3, and 116G.10, subdivision 3, the
 110.33 responsibilities and procedures for reviewing and approving local plans and regulations in

111.1 the Mississippi River Corridor Critical Area, and amendments thereto, are subject to this
111.2 subdivision.

111.3 (b) Within 60 days of receiving a draft plan from a local unit of government, the
111.4 commissioner, in coordination with the Metropolitan Council, must review the plan to
111.5 determine the plan's consistency with:

111.6 (1) this section;

111.7 (2) Minnesota Rules, chapter 6106; and

111.8 (3) the local unit of government's comprehensive plan.

111.9 (c) Within 60 days of receiving draft regulations from a local unit of government, the
111.10 commissioner must review the regulations to determine the regulations' consistency with:

111.11 (1) Minnesota Rules, chapter 6106; and

111.12 (2) the commissioner-approved plan adopted by the local unit of government under
111.13 paragraph (b).

111.14 (d) Upon review of a draft plan and regulations under paragraphs (b) and (c), the
111.15 commissioner must:

111.16 (1) conditionally approve the draft plan and regulations by written decision; or

111.17 (2) return the draft plan and regulations to the local unit of government for modification,
111.18 along with a written explanation of the need for modification.

111.19 (i) When the commissioner returns a draft plan and regulations to the local unit of
111.20 government for modification, the local unit of government must revise the draft plan and
111.21 regulations within 60 days after receiving the commissioner's written explanation and must
111.22 resubmit the revised draft plan and regulations to the commissioner.

111.23 (ii) The Metropolitan Council and the commissioner must review the revised draft plan
111.24 and regulations upon receipt from the local unit of government as provided under paragraphs
111.25 (b) and (c).

111.26 (iii) If the local unit of government or the Metropolitan Council requests a meeting, a
111.27 final revision need not be made until a meeting is held with the commissioner on the draft
111.28 plan and regulations. The request extends the 60-day time limit specified in item (i) until
111.29 after the meeting is held.

112.1 (e) Only plans and regulations receiving final approval from the commissioner have the
 112.2 force and effect of law. The commissioner must grant final approval under this section only
 112.3 if:

112.4 (1) the plan is an element of a comprehensive plan that is authorized by the Metropolitan
 112.5 Council according to sections 473.175 and 473.858; and

112.6 (2) the local unit of government adopts a plan and regulations that are consistent with
 112.7 the draft plan and regulations conditionally approved under paragraph (d).

112.8 (f) The local unit of government must implement and enforce the commissioner-approved
 112.9 plan and regulations after the plan and regulations take effect.

112.10 **EFFECTIVE DATE.** This section is effective the day following final enactment.

112.11 Sec. 102. Minnesota Statutes 2020, section 127A.353, subdivision 4, is amended to read:

112.12 Subd. 4. **Duties; powers.** (a) The school trust lands director shall:

112.13 (1) take an oath of office before assuming any duties as the director;

112.15 (3) determine the estimated current and potential market value of school trust lands;

112.16 (4) advise the governor, Executive Council, commissioner of natural resources, and the

- 113.1 (i) retain core real estate assets;
- 113.2 (ii) increase the value of the real estate assets and the cash flow from those assets;

114.1 Sec. 103. Minnesota Statutes 2020, section 290C.01, is amended to read:

114.2 **290C.01 PURPOSE.**

114.3 It is the policy of this state to promote sustainable forest resource management on the
114.4 state's public and private lands. The state's private forests comprise approximately one-half
114.5 of the state forest land resources. These forests play a critical role in protecting water quality
114.6 and soil resources, and provide extensive wildlife habitat, natural carbon sequestration,
114.7 diverse recreational experiences, and significant forest products that support the state's
114.8 economy. Ad valorem property taxes represent a significant annual cost that can discourage
114.9 long-term forest management investments. In order to foster silviculture investments and
114.10 retain these forests for their economic and ecological benefits, this chapter, hereafter referred
114.11 to as the "Sustainable Forest Incentive Act," is enacted to encourage the state's private forest
114.12 landowners to make a long-term commitment to sustainable forest management.

114.13 Sec. 104. Minnesota Statutes 2020, section 290C.04, is amended to read:

114.14 **290C.04 APPLICATIONS.**

114.15 (a) A landowner may apply to enroll forest land for the sustainable forest incentive
114.16 program under this chapter. The claimant must complete, sign, and submit an application
114.17 to the commissioner by October 31 in order for the land to become eligible beginning in
114.18 the next year. The application shall be on a form prescribed by the commissioners of revenue
114.19 and natural resources and must include the information the commissioners deem necessary.
114.20 At a minimum, the application must show the following information for the land and the
114.21 claimant: (i) the claimant's Social Security number or state or federal business tax registration
114.22 number and date of birth, (ii) the claimant's address, (iii) the claimant's signature, (iv) the
114.23 county's parcel identification numbers for the tax parcels that completely contain the
114.24 claimant's forest land that is sought to be enrolled, (v) the number of acres eligible for
114.25 enrollment in the program, ~~(vi) the approved plan writer's signature and identification~~
114.26 ~~number, (vii) (vi) proof~~, in a form specified by the commissioner, that the claimant has
114.27 executed and acknowledged in the manner required by law for a deed, and recorded, a
114.28 covenant that the land is not and shall not be developed in a manner inconsistent with the
114.29 requirements and conditions of this chapter, and ~~(viii) (vii)~~ a registration number for the
114.30 forest management plan, issued by the commissioner of natural resources. The covenant
114.31 shall state in writing that the covenant is binding on the claimant and the claimant's successor
114.32 or assignee, and that it runs with the land for a period of not less than eight years unless the
114.33 claimant requests termination of the covenant after a reduction in payments due to changes
114.34 in the payment formula under section 290C.07 or as a result of executive action, the amount

115.1 of payment a claimant is eligible to receive under section 290C.07 is reduced or limited.
115.2 The commissioner shall specify the form of the covenant and provide copies upon request.
115.3 The covenant must include a legal description that encompasses all the forest land that the
115.4 claimant wishes to enroll under this section or the certificate of title number for that land if
115.5 it is registered land. The commissioner of natural resources shall record the area eligible
115.6 for enrollment into the Sustainable Forest Incentive Act as electronic geospatial data, as
115.7 defined in section 16E.30, subdivision 10.

115.8 (b) The commissioner shall provide by electronic means data sufficient for the
115.9 commissioner of natural resources to determine whether the land qualifies for enrollment.
115.10 The commissioner must make the data available within 30 days of receipt of the application

151.6 to be provided for that project from both the Department of Employment and Economic
151.7 Development and the Department of Iron Range Resources and Rehabilitation anytime
151.8 during 2021 is exempt from the requirement to conduct a mandatory environmental impact
151.9 statement that is triggered solely by the proposed facility's gross floor space area. The
151.10 business entity is still required to conduct an environmental assessment worksheet (EAW)
151.11 for any mandatory EAW categories, along with any subsequent environmental permitting
151.12 required for the project after environmental review is complete. For any work in wetlands
151.13 that cannot be avoided or further minimized for this project, the business entity must conduct
151.14 all required wetland permitting and agree to mitigate for any wetlands impacts at a ratio of
151.15 1.5 times the required mitigation ratio determined by regulatory agencies. Any wetland

151.22 must wait at least two years after the termination before initiating action to terminate
151.23 environmental permits associated with the mining or processing of iron ore from the lands,
151.24 unless earlier termination is necessary to ensure environmental protection or if otherwise
151.25 governed by federal law. Nothing in this section prohibits a permittee from proposing to
151.26 amend or otherwise exercise any existing rights to transfer or cancel permits under existing
151.27 law. Nothing in this section precludes the commissioner of natural resources from terminating
151.28 or transferring any state mineral leases issued in association with the properties listed above,
151.29 provided the termination or transfer complies with all other requirements of Minnesota
151.30 Statutes, chapter 93.

151.32 The commissioner of the Pollution Control Agency must, under the good cause exemption
151.33 in Minnesota Statutes, section 14.388, subdivision 1, clause (3), amend rules to require

152.2 calendar year.

152.3 Sec. 132. **CARBON SEQUESTRATION IN FORESTS OF THE STATE; GOALS.**

152.4 The commissioner of natural resources must establish goals for increasing carbon
152.5 sequestration in public and private forests in the state. To achieve the goals, the commissioner
152.6 must identify sustainable forestry strategies that increase the ability of forests to sequester
152.7 atmospheric carbon while enhancing other ecosystem services, such as improved soil and
152.8 water quality. By January 15, 2023, the commissioner must submit a report with the goals
152.9 and recommended forestry strategies to the chairs and ranking minority members of the
152.10 legislative committees and divisions with jurisdiction over natural resources policy.

152.11 Sec. 133. **AMENDING FEEDLOT PERMITS.**

152.13 general and individual permits for feedlots to conform with Minnesota Statutes, section
152.14 116.07, subdivision 7, paragraph (h). A permit modification under this section must be made
152.15 in accordance with applicable federal permit modification requirements.

152.16 **EFFECTIVE DATE.** This section is effective August 31, 2021, unless the federal
152.17 Environmental Protection Agency disapproves the changes under Code of Federal
152.18 Regulations, title 40, section 123.62(b)(3), or other applicable federal law. The commissioner
152.19 of the Pollution Control Agency must notify the revisor of statutes if this occurs.

152.20 Sec. 134. **REPEALER.**

 189.11 appropriated under this subdivision must be
 189.12 used for grants in consultation with the Public
 189.13 Facilities Authority for renewable energy
 189.14 demonstration projects at wastewater treatment
 189.15 facilities.
- 189.16 **Subd. 11. Contract**
 189.17 **Agreement Reimbursement** -0- 135,000

 189.19 fund to the commissioner of natural resources,
 189.20 at the direction of the Legislative-Citizen
 189.21 Commission on Minnesota Resources, for
 189.22 expenses incurred for preparing and
 189.23 administering contracts for the agreements
 189.24 specified in this section. The commissioner
 189.25 must provide documentation to the
 189.26 Legislative-Citizen Commission on Minnesota
 189.27 Resources on the expenditure of these funds.
- 189.28 **Subd. 12. Availability of Appropriations**
- 189.29 Money appropriated in this section may not
 189.30 be spent on activities unless they are directly
 189.31 related to and necessary for a specific
 189.32 appropriation and are specified in the work
 189.33 plan approved by the Legislative-Citizen
 189.34 Commission on Minnesota Resources. Money
 189.35 appropriated in this section must not be spent
 189.36 on indirect costs or other institutional overhead

190.3 that are directly related to and necessary for
190.4 an appropriation, including financial services,
190.5 human resources, information services, rent,
190.6 and utilities, are eligible only if the costs can
190.7 be clearly justified and individually
190.8 documented specific to the appropriation's
190.9 purpose and would not be generated by the
190.10 recipient but for receipt of the appropriation.
190.11 No broad allocations for costs in either dollars
190.12 or percentages are allowed. Unless otherwise
190.13 provided, the amounts in this section are
190.14 available until June 30, 2024, when projects

190.18 an additional fiscal year if a binding contract
190.19 for acquisition of the real property is entered
190.20 into before the expiration date of the
190.21 appropriation. If a project receives a federal
190.22 grant, the time period of the appropriation is
190.23 extended to equal the federal grant period.
190.24 **Subd. 13. Data Availability Requirements**
190.25 Data collected by the projects funded under
190.26 this section must conform to guidelines and
190.27 standards adopted by MN.IT Services. Spatial
190.28 data must also conform to additional
190.29 guidelines and standards designed to support
190.30 data coordination and distribution that have
190.31 been published by the Minnesota Geospatial
190.32 Information Office. Descriptions of spatial
190.33 data must be prepared as specified in the state's
190.34 geographic metadata guideline and must be
190.35 submitted to the Minnesota Geospatial

191.1 Information Office. All data must be
191.2 accessible and free to the public unless made
191.3 private under the Data Practices Act,
191.4 Minnesota Statutes, chapter 13. To the extent
191.5 practicable, summary data and results of
191.6 projects funded under this section should be
191.7 readily accessible on the Internet and
191.8 identified as having received funding from the
191.9 environment and natural resources trust fund.

191.10 **Subd. 14. Project Requirements**

191.11 (a) As a condition of accepting an
191.12 appropriation under this section, an agency or
191.13 entity receiving an appropriation or a party to

191.17 submit a work plan and annual or semiannual
191.18 progress reports in the form determined by the
191.19 Legislative-Citizen Commission on Minnesota
191.20 Resources for any project funded in whole or
191.21 in part with funds from the appropriation.
191.22 Modifications to the approved work plan and
191.23 budget expenditures must be made through
191.24 the amendment process established by the
191.25 Legislative-Citizen Commission on Minnesota
191.26 Resources.

191.28 section that conducts a restoration using funds
191.29 appropriated in this section must use native
191.30 plant species according to the Board of Water
191.31 and Soil Resources' native vegetation
191.32 establishment and enhancement guidelines
191.33 and include an appropriate diversity of native
191.34 species selected to provide habitat for
191.35 pollinators throughout the growing season as

192.1 required under Minnesota Statutes, section
192.2 84.973.

192.3 (c) For all restorations conducted with money
192.4 appropriated under this section, a recipient
192.5 must prepare an ecological restoration and
192.6 management plan that, to the degree
192.7 practicable, is consistent with the
192.8 highest-quality conservation and ecological
192.9 goals for the restoration site. Consideration
192.10 should be given to soil, geology, topography,
192.11 and other relevant factors that would provide
192.12 the best chance for long-term success and
192.13 durability of the restoration project. The plan
192.14 must include the proposed timetable for
192.15 implementing the restoration, including site
192.16 preparation, establishment of diverse plant
192.17 species, maintenance, and additional
192.18 enhancement to establish the restoration;
192.19 identify long-term maintenance and
192.20 management needs of the restoration and how
192.21 the maintenance, management, and
192.22 enhancement will be financed; and take
192.23 advantage of the best-available science and
192.24 include innovative techniques to achieve the
192.25 best restoration.

192.26 (d) An entity receiving an appropriation in this
192.27 section for restoration activities must provide
192.28 an initial restoration evaluation at the
192.29 completion of the appropriation and an
192.30 evaluation three years after the completion of
192.31 the expenditure. Restorations must be
192.32 evaluated relative to the stated goals and
192.33 standards in the restoration plan, current
192.34 science, and, when applicable, the Board of
192.35 Water and Soil Resources' native vegetation

- 193.1 establishment and enhancement guidelines.
- 193.2 The evaluation must determine whether the
- 193.3 restorations are meeting planned goals,
- 193.4 identify any problems with implementing the
- 193.5 restorations, and, if necessary, give
- 193.6 recommendations on improving restorations.
- 193.7 The evaluation must be focused on improving
- 193.8 future restorations.
- 193.9 (e) All restoration and enhancement projects
- 193.10 funded with money appropriated in this section
- 193.11 must be on land permanently protected by a
- 193.12 conservation easement or public ownership.
- 193.13 (f) A recipient of money from an appropriation

- 193.30 enforcement plan and funding for monitoring
- 193.31 and enforcing the easement agreement; and
- 193.32 (6) include requirements in the easement
- 193.33 document to protect the quantity and quality

194.1 of groundwater and surface water through
194.2 specific activities such as keeping water on
194.3 the landscape, reducing nutrient and
194.4 contaminant loading, and not permitting
194.5 artificial hydrological modifications.

194.6 (h) For any acquisition of lands or interest in
194.7 lands, a recipient of money appropriated under
194.8 this section must not agree to pay more than
194.9 100 percent of the appraised value for a parcel

194.20 this section must give priority to high-quality
194.21 natural resources or conservation lands that
194.22 provide natural buffers to water resources.

194.23 (j) For new lands acquired with money
194.24 appropriated under this section, a recipient
194.25 must prepare an ecological restoration and
194.26 management plan in compliance with
194.27 paragraph (c), including sufficient funding for
194.28 implementation unless the work plan addresses
194.29 why a portion of the money is not necessary
194.30 to achieve a high-quality restoration.

194.31 (k) To ensure public accountability for using
194.32 public funds, a recipient of money
194.33 appropriated under this section must, within
194.34 60 days of the transaction, provide to the
194.35 Legislative-Citizen Commission on Minnesota

195.9 recipient must also report to the
195.10 Legislative-Citizen Commission on Minnesota
195.11 Resources any difference between the
195.12 acquisition amount paid to the seller and the

195.15 was conducted.

195.16 (l) A recipient of an appropriation from the

195.23 Acknowledgment may occur, as appropriate,
195.24 through use of the trust fund logo or inclusion
195.25 of language attributing support from the trust
195.26 fund. Each direct recipient of money
195.27 appropriated in this section, as well as each
195.28 recipient of a grant awarded pursuant to this
195.29 section, must satisfy all reporting and other
195.30 requirements incumbent upon constitutionally
195.31 dedicated funding recipients as provided in
195.32 Minnesota Statutes, section 3.303, subdivision
