Section 2-3-101. A. When a child is taken into custody pursuant to the provisions of the Oklahoma Juvenile Code, the child shall be detained only if it is necessary to assure the appearance of the child in court or for the protection of the child or the public.

1. a. No preadjudicatory or predisposition detention or custody order shall remain in force and effect for more than thirty (30) days. The court, for good and

sufficient cause shown, may extend the effective period of such an order for an additional period not to exceed sixty (60) days. If the child is being detained for the commission of a murder, the court may, if it is in the best interests of justice, extend the effective period of such an order an additional sixty (60) days.

- b. Whenever the court orders a child to be held in a juvenile detention facility, an order for secure detention shall remain in force and effect for not more than fifteen (15) days after such order. Upon an application of the district attorney and after a hearing on such application, the court, for good and sufficient cause shown, may extend the effective period of such an order for an additional period not to exceed fifteen (15) days after such hearing. The total period of preadjudicatory or predisposition shall not exceed the ninety-day limitation as specified in subparagraph a of this paragraph. The child shall be present at the hearing on the application for extension unless, as authorized and approved by the court, the attorney for the child is present at the hearing and the child is available to participate in the hearing via telephone conference communication. For the purpose of this paragraph, "telephone conference communication" means use of a telephone device that allows all parties, including the child, to hear and be heard by the other parties at the hearing. After the hearing, the court may order continued detention in a juvenile detention center, may order the child detained in an alternative to secure detention or may order the release of the child from detention.

2. No child alleged or adjudicated to be deprived or in need of supervision or who is or appears to be a minor in need of treatment as defined by the Inpatient Mental Health and Substance Abuse Treatment of Minors Act, shall be confined in any jail, adult lockup, or adult detention facility. No child shall be transported or detained in association with criminal, vicious, or dissolute persons.

3. Except as otherwise authorized by this section a child who has been taken into custody as a deprived child, a child in need of supervision, or who appears to be a minor in need of treatment, may not be placed in any detention facility pending court proceedings, but must be placed in shelter care or foster care or, with regard to a child who appears to be a minor in need of treatment, a behavioral health treatment facility in accordance with the provisions of the Inpatient Mental Health and Substance Abuse Treatment of Minors Act, or released to the custody of the parents of the child or some other responsible party. When a child is taken into custody as a child in need of supervision as a result of being a runaway, the court may order the child placed in a juvenile detention facility pending court proceedings if it finds the detention to be essential for the safety of the child.

B. No child shall be placed in secure detention unless:

1. The child is an escapee from any delinquent placement;

2. The child is a fugitive from another jurisdiction with a warrant on a delinquency charge or confirmation of delinquency charges by the home jurisdiction;

3. The child is seriously assaultive or destructive towards others or self;

4. The child is currently charged with any criminal offense that would constitute a felony if committed by an adult or a misdemeanor and:

a. is on probation or parole on a prior delinquent offense,

b. is on preadjudicatory community supervision, or

c. is currently on release status on a prior delinquent offense;

5. The child has willfully failed or there is reason to believe that the child will willfully fail to appear for juvenile court proceedings;

6. A warrant for the child has been issued on the basis that:

- a. the child is absent from court-ordered placement without approval by the court,
- b. the child is absent from designated placement by the Office of Juvenile Affairs without approval by the Office of Juvenile Affairs,
- c. there is reason to believe the child will not remain at said placement, or
- d. the child is subject to an administrative transfer or parole revocation proceeding.

C. A child who has violated a court order and has had the order revoked or modified pursuant to Section 2-2-503 of this title may be placed into an Office-of-Juvenile-Affairs-designated sanction detention bed or an Office-of-Juvenile-Affairs-approved sanction program.

D. Priority shall be given to the use of juvenile detention facilities for the detention of juvenile offenders through provisions requiring the removal from detention of a juvenile with a lower priority status if an empty detention bed is not available at the time of referral of a juvenile with a higher priority status and if the juvenile with a higher priority status would be more of a danger to the public than the juvenile with the lower priority status.

E. 1. Except as otherwise provided in this section, no child shall be placed in secure detention in a jail, adult lockup, or other adult detention facility unless:

- a. the child is detained for the commission of a crime that would constitute a felony if committed by an adult, and
- b. the child is awaiting an initial court appearance, and

- c. the initial court appearance of the child is scheduled within twenty-four (24) hours after being taken into custody, excluding weekends and holidays, and
- d. the court of jurisdiction is outside of the Standard Metropolitan Statistical Area as defined by the Bureau of Census, and
- e. there is no existing acceptable alternative placement for the child, and
- f. the jail, adult lockup or adult detention facility provides sight and sound separation for juveniles, pursuant to standards required by subsection E of Section 2-3-103 of this title, or
- g. the jail, adult lockup or adult detention facility meets the requirements for licensure of juvenile detention facilities, as adopted by the Office of Juvenile Affairs, is appropriately licensed, and provides sight and sound separation for juveniles, which includes:
 - (1) total separation between juveniles and adult facility spatial areas such that there could be no haphazard or accidental contact between juvenile and adult residents in the respective facilities,
 - (2) total separation in all juvenile and adult program activities within the facilities, including recreation, education, counseling, health care, dining, sleeping and general living activities, and
 - (3) separate juvenile and adult staff, specifically direct care staff such as recreation, education and counseling.

Specialized services staff, such as cooks, bookkeepers, and medical professionals who are not normally in contact with detainees or whose infrequent

contacts occur under conditions of separation of juveniles and adults can serve both.

2. Nothing in this section shall preclude a child who is detained for the commission of a crime that would constitute a felony if committed by an adult, or a child who is an escapee from a juvenile ~~training school~~ secure facility or from an Office of Juvenile Affairs group home from being held in any jail certified by the State Department of Health, police station or similar law enforcement offices for up to six (6) hours for purposes of identification, processing or arranging for transfer to a secure detention or alternative to secure detention. Such holding shall be limited to the absolute minimum time necessary to complete these actions.

- a. The time limitations for holding a child in a jail for the purposes of identification, processing or arranging transfer established by this section shall not include the actual travel time required for transporting a child from a jail to a juvenile detention facility or alternative to secure detention.
- b. Whenever the time limitations established by this subsection are exceeded, this circumstance shall not constitute a defense in a subsequent delinquency or criminal proceeding.

3. Nothing in this section shall preclude detaining in a county jail or other adult detention facility an eighteen-year old charged in a juvenile petition for whom certification to stand trial as an adult is prayed.

4. Nothing in this section shall preclude detaining in a county jail or other adult detention facility a person provided for in Section 2-3-102 of this title if written or electronically transmitted confirmation is received from the state seeking return of the individual that the person is a person provided for in Section 2-3-102 of this title and if, during the time of detention, the person is detained in a facility meeting the requirements of Section 2-3-103 of this title.

5. Nothing in this section shall preclude detaining a person, whose age is not immediately ascertainable and who is being detained for the commission of a felony, in a jail certified by the State Department of Health, a police station or similar law enforcement office for up to twenty-four (24) hours for the purpose of determining whether or not the person is a child, if:

- a. there is a reasonable belief that the person is eighteen (18) years of age or older,
- b. there is a reasonable belief that a felony has been committed by the person,
- c. a court order for such detention is obtained from a judge of the district court within six (6) hours of initially detaining the person,
- d. there is no juvenile detention facility that has space available for the person and that is within thirty (30) miles of the jail, police station, or law enforcement office in which the person is to be detained, and
- e. during the time of detention the person is detained in a facility meeting the requirements of subparagraph g of paragraph 1 of this subsection.

The time limitation provided for in this paragraph shall include the time the person is detained prior to the issuance of the court order.

The time limitation provided for in this paragraph shall not include the actual travel time required for transporting the person to the jail, police station, or similar law enforcement office. If the time limitation established by this paragraph is exceeded, this circumstance shall not constitute a defense in any subsequent delinquency or criminal proceeding.

In any county with a population less than three hundred thousand (300,000) according to the latest Federal Decennial Census, the county board of equalization shall provide at least three dates on which a taxpayer may personally appear and make a presentation of evidence. At least ten (10) days shall intervene between each such date. No final determination regarding valuation protests shall be made by a county board of equalization until the taxpayer shall have failed to appear for all three such dates. The county board of equalization shall be required to follow the procedures prescribed by the Ad Valorem Tax Code or administrative rules and regulations promulgated pursuant to such Code governing the valuation of real and personal property. The county board of equalization shall not modify a valuation of real or personal property as established by the county assessor unless such modification is explained in writing upon a form prescribed by the Oklahoma Tax Commission. The affidavits prescribed in subsection E of this section will be maintained by the

county board of equalization as part of the hearing record. Each decision of the county board of equalization shall be explained in writing upon a form prescribed by the Oklahoma Tax Commission. The county board of equalization shall make a record of each proceeding involving an appeal from action by the county assessor either in transcribed or tape recorded form.

B. In all cases where the county assessor has, without giving the notice required by law, increased the valuation of property as listed by the taxpayer, and the taxpayer has knowledge of such adjustment or addition, the taxpayer may at any time prior to the adjournment of the board, file an appeal in the form and manner provided for in Section 2876 of this title. Thereafter, the board shall fix a date of hearing, notify the taxpayer, and conduct the hearing as required by this section.

C. The taxpayer or agent may appear at the scheduled hearing either in person, by telephone or other electronic means, or by affidavit.

D. If the taxpayer or agent fails to appear before the county board of equalization at the scheduled hearing, unless advance notification is given for the reason of absence, the county shall be authorized to assess against the taxpayer the costs incurred by the county in preparation for the scheduled hearing. If such costs are assessed, payment of the costs shall be a prerequisite to the filing of an appeal to the district court. A taxpayer that gives advance notification of their absence shall be given the opportunity to reschedule the hearing date.

E. 1. In order to increase taxpayer transparency, a member of the board of equalization shall not directly or indirectly communicate with the county assessor or any deputy assessor or designated agent on any matter relating to any pending appeal before the board of equalization prior to the actual hearing.

2. Prior to the presentation of any evidence at a county board of equalization hearing, each member of the board hearing the protest must sign an affidavit stating the member is not in violation of paragraph 1 of this subsection.

4. The provisions of paragraph 1 of this subsection shall not apply to a routine communication between the county assessor and the board of equalization that relates to the administration of an appraisal roll, including a communication made in connection with the certification, correction, or collection of an account that is not the subject of a pending appeal.

Section 1-113. A. When used in this section, the residence of any child for school purposes shall be:

1. The school district in which the parents, guardian, or person having legal custody holds legal residence.

Each school district board of education shall adopt a policy establishing the requirements for student residency for that district which provides for residence as described in this paragraph. Within the discretion of each school district's board of education, the policy may but is not required to allow for establishment of residency by affidavit when an adult, whether a relative or not, who does not fall within one of the categories listed above, who holds legal residence in the school district, and who has assumed permanent care and custody of the child files an affidavit with the school district attesting that they have assumed custody and the reasons for assuming custody. Any policy allowing the establishment of residency by affidavit shall require the adult who provides the affidavit to affirm in such affidavit that the custody arrangement is permanent and that the adult contributes the major degree of support to the child. If the school district policy allows establishment of residency by affidavit, any person who willfully makes a statement in the affidavit which the person knows to be false shall, upon conviction, be guilty of a misdemeanor punishable by imprisonment in the county jail for not more than one (1) year or a fine of not more than Five Hundred Dollars (\$500.00) or both such fine and imprisonment. Each school district shall include in its policy on residency any documentation necessary for the administration of the policy; or

2. The foster home, as defined in Section 1-1-105 of Title 10A of the Oklahoma Statutes, except a therapeutic foster home or a specialized foster home where a child is in voluntary placement as defined in subsection D of this section, in which the child has been placed:

- b. by a state agency having legal custody of the child pursuant to the provisions of Title 10A of the Oklahoma Statutes; or

3. Any orphanage or eleemosynary child care facility having full-time care and custody; or

Any eleemosynary child care facility in which a child is placed by a parent or guardian for full-time residential care; provided, the provision of this paragraph shall apply only to children who attend a district school by joint agreement of the school district and facility and who are not placed in the facility through a state contract. For purposes of this paragraph, "eleemosynary child care facility" means a facility:

- a. where child care and services are provided, and
- b. which is funded predominantly by benevolent or charitable funds and is exempt from taxation pursuant to the provisions of Section 501(c)(3) of the Internal Revenue Code, 26 U.S.C., Section 501(c)(3); or

5. Any state-operated institution in which a child has been placed by a parent or guardian or by a state agency having legal custody of the child pursuant to the provisions of Title 10A or Section 3-101 of Title 43A of the Oklahoma Statutes for care and treatment due to a physical or mental condition of the child; or

A school district may furnish educational services pursuant to a contract to children who do not reside in the United States of America; provided, the children shall not be counted in the average daily membership of the school district.

C. For the purpose of ensuring that a child placed in a therapeutic foster care home, as defined in Section 1-1-105 of Title 10A of the Oklahoma Statutes, receives an appropriate education, no receiving school district shall be required to enroll such a child if the enrollment would cause the proportion of students in therapeutic foster care homes as compared to the average daily membership of the receiving district for the preceding school year

to exceed two percent (2%). Children served by Head Start may not be counted for the purpose of this paragraph unless the child is on an individualized education program provided by the school district. Any school district may enroll such students who are outside the student's resident district in therapeutic foster care home placements which exceed this limit if the school determines it possesses the ability to provide such child an appropriate education.

D. When a child does not meet the criteria for residency provided in subsection A of this section and is placed in any of the following entities which is out of the child's home and not in the school district in which the child legally resides:

1. A residential facility;

2. A treatment program or center, including the facility operated pursuant to Section 485.1 of Title 63 of the Oklahoma Statutes;

the entity shall, if the child contends he or she resides in a school district other than the district where the entity is located, within eleven (11) days of admittance, notify the school district in which the entity is located of the admittance.

For minors who are persons requiring psychiatric treatment as defined by Title 43A of the Oklahoma Statutes, on-site educational services shall be provided beginning on the eleventh day of admission.

Upon provision of educational services to such children pursuant to the provisions of subsection F of this section, the receiving school district shall receive the State Aid as defined in subsection C of Section 18-110 of this title for those students.

The governing body of the state institutions specified in this subsection shall pay the costs for educating students placed in the state institution less any amount of funds received for such students by the school district contracting with the state institution to provide necessary educational services.

F. 1. The school district in which an entity as described in subsection D of this section exists to serve children in out-of-home placements shall, upon request of the individual or agency operating the entity, provide the educational services to which the children in the entity are entitled subject to the limitations provided in subsection C of this section. No person operating such an entity may contract for the provision of educational services with any school district other than the school district in which the entity is located unless the school district in which the entity is located agrees in writing to allow another school district to provide the educational services or unless the person operating the entity contracts with another school district for the provision of educational services to be provided through remote Internet-based courses. No person operating such an entity may contract for the

provision of educational services with more than one school district.

2. Prior to location in a school district, the individual or agency operating an entity described in subsection D of this section which requires provision of educational services from the school district shall notify the local board of education of its anticipated educational needs. No school district shall be required to provide educational services for students in the entity until at least sixty (60) calendar days have elapsed from the time in which the local board of education was initially notified of the need unless the school district so agrees to provide the educational services sooner. The provisions of this paragraph shall not apply to therapeutic or specialized foster homes.

3. Educational services provided shall meet or exceed state accreditation standards. No school district shall be responsible for any expenses for students in an entity described in subsection D of this section which are not directly related to the provision of educational services. A school district shall not be obligated for expenses of those students in an entity in the current school year for whom educational services are requested after the district's first nine (9) weeks of the current school year if educational services are requested for twelve or more students than were served in the first nine (9) weeks, unless the school district chooses to provide educational services for the current school year. Contracts and agreements for provision of educational services may allow for the use of public and private sources of support which are available to share the costs of educational services and of therapies, treatments, or support services. Otherwise valid obligations to provide or pay for such services, such as Medicaid, shall remain in effect for children who are eligible for the services from sources other than the school district.

4. Upon the request of any residential facility which has contracted with the Office of Juvenile Affairs to provide either a regimented juvenile training program or a high-impact wilderness camp to a minimum of forty students who have been adjudicated, a school district may contract for the facility to provide the educational services to those students. Under such a contract, the facility shall operate in accordance with all applicable laws, including compliance with Section 18-114.7 of this title. Such

contract shall include the State Aid generated by the students, less a fee for administrative services which may be retained by the school district, not to exceed ten percent (10%) of the total on an annual basis. The school district shall exercise supervision over the educational program in the facility and bear all responsibility for required educational reporting. The school district shall maintain access to all educational records for students in the facility, and shall provide for the appropriate academic credit and diplomas. The school district shall be indemnified against any actions or penalties on the part of the facility which result in adversity for the school district.

G. Any question as to the place of residence of any child for school purposes shall be decided pursuant to procedures utilized by the State Department of Education.

H. The receiving district shall notify the district of residence immediately upon finding that the student requires special education and related services and the district of residence shall participate in planning the student's Individualized Education Program (IEP) and in subsequent reviews of the program in accordance with the Individuals with Disabilities Education Act (IDEA).

3. Comprehensive remediation plans and instructional coaching for all teachers rated as needs improvement or ineffective;

4. Quantitative and qualitative assessment components measured as follows:

- a. fifty percent (50%) of the ratings of teachers and leaders shall be based on quantitative components which shall be divided as follows:

7. For those teachers in grades and subjects for which there is no state-mandated testing measure to create a quantitative assessment for the quantitative portion of the TLE, the State Board of Education may adopt alternative percentages from those set forth in paragraph 4 of this subsection. Emphasis shall be placed on the observed qualitative assessment as well as contribution to the overall school academic growth; and

8. For first-year and second-year teachers, evaluations shall be based solely on qualitative components set forth in subparagraph b of paragraph 4 of this subsection and the State Board of Education shall adopt alternative percentages from those set forth in paragraph 4 of this subsection.

D. The Teacher and Leader Effectiveness Commission shall adopt the student academic growth and other academic measurement quantitative components of the TLE as provided for in subparagraph a of paragraph 4 of subsection B of this section by May 1, 2014. The Commission shall provide oversight and advise the State Board of Education on the development and implementation of the TLE.

E. A school district which has incorporated quantitative components of the TLE pursuant to subparagraphs b and c of paragraph 1 of subsection A of Section 6-101.10 of this title may continue using those quantitative components, as defined by the school districts' written policies, regardless of the State Board of Education's adoption of quantitative components pursuant to this section.

The Commission, consistent with the purposes of this section, shall promulgate rules and procedures to guarantee the confidentiality of examinations.

Subject to the provisions of subsection C of this section, testing for certification for subjects in which a teacher candidate or

teacher is seeking a minor teaching assignment or an endorsement to teach shall be limited to the specific subject area test.

A teacher candidate or teacher may take the general education, professional education or subject area portions of the examination subject to any limit imposed by the Commission.

C. 1. Except as otherwise provided for in this subsection, a teacher may be certified in as many areas as the teacher meets the necessary requirements provided by law and has successfully completed the subject area portion of the examination.

2. Except as otherwise provided for in this paragraph, certification in early childhood, elementary, or special education shall require completion of an appropriate teacher education program approved by the Commission.

E. If a teacher candidate or teacher is a non-native-English speaker, the Commission shall offer the subject area competency

examination in the native language of the teacher candidate or teacher only if the teacher candidate or teacher is employed or has been offered employment by a school district as a teacher in a foreign language immersion program offered by the school district. If a non-native-English speaker who has received certification in a subject area after taking the subject area competency examination in the native language of the speaker seeks to add a certification area in the future and that person is no longer employed as a teacher in a foreign language immersion program, the examination for the additional certification area shall be taken in English. The State Board of Education shall issue a restricted license or certificate to any teacher who has completed a subject area competency examination in the native language of the teacher as provided for in this subsection restricting the teacher to teaching only in a foreign language immersion program.

F. Nothing in the Oklahoma Teacher Preparation Act shall restrict the right of the State Board of Education to issue an emergency or provisional certificate, as needed. Provided, however, prior to the issuance of an emergency certificate, the district shall document substantial efforts to employ a teacher who holds a provisional or standard certificate ~~or who is licensed in the teaching profession~~. In the event a district is unable to hire an individual meeting this criteria, the district shall document efforts to employ an individual with a provisional or standard certificate ~~or with a license~~ in another curricular area with academic preparation in the field of need. Only after these alternatives have been exhausted shall the district be allowed to employ an individual meeting minimum standards as established by the State Board of Education for the issuance of emergency certificates.

School districts shall strongly encourage students to complete two units or sets of competencies of foreign languages and two units or sets of competencies of physical and health education.

2. No student shall receive credit for high school graduation more than once for completion of the same unit or set of competencies to satisfy the curriculum requirements of this section.

3. A school district shall not be required to offer every course listed in subsections B and D of this section, but shall offer sufficient courses to allow a student to meet the graduation requirements during the secondary grade years of the student.

F. For purposes of this section:

1. "Contextual methodology" means academic content and skills taught by utilizing real-world problems and projects in a way that helps students understand the application of that knowledge;

2. "Qualified agricultural education courses" means courses that have been determined by the State Board of Education to offer the sets of competencies for one or more science content areas and which correspond to academic science courses. Qualified agricultural education courses shall include, but are not limited to, Horticulture, Plant and Soil Science, Natural Resources and Environmental Science, and Animal Science. 2. The State Board of Education shall allow as much flexibility at the district level as is possible without diminishing the rigor or undermining the intent of providing these courses. To accomplish this purpose, the State Department of Education shall work with school districts in reviewing and approving courses taught by districts that are not specifically listed in subsections B and D of this section. Options may include, but shall not be limited to, courses taken by concurrent enrollment, advanced placement, or correspondence, or courses bearing different titles.

~~4.~~ 5. If a student enrolls in a concurrent course, the school district shall not be responsible for any costs incurred for that course, unless the school district does not offer enough course selection during the student's secondary grade years to allow the

student to receive the courses needed to meet the graduation requirements of this section. If the school district does not offer the necessary course selection during the student's secondary grade years, it shall be responsible for the cost of resident tuition at an institution in The Oklahoma State System of Higher Education, fees, and books for the concurrent enrollment course, and providing for transportation to and from the institution to the school site.

It is the intent of the Legislature that for students enrolled in a concurrent enrollment course which is paid for by the school district pursuant to this paragraph, the institution charge only the supplementary and special service fees that are directly related to the concurrent enrollment course and enrollment procedures for that student. It is further the intent of the Legislature that fees for student activities and student service facilities, including the student health care and cultural and recreational service fees, not be charged to such students.

~~5.~~ 6. vocational courses each day, which may include arts, vocal and instrumental music, speech classes, and physical education classes.

I. 1. Academic and vocational-technical courses designed to offer sets of competencies integrated or embedded within the course that provide for the teaching and learning of the appropriate skills and knowledge in the subject matter standards, as adopted by the State Board of Education, may upon approval of the Board, in consultation with the Oklahoma Department of Career and Technology Education if the courses are offered at a technology center school district, be counted for academic credit and toward meeting the graduation requirements of this section.

2. Internet-based courses offered by a technology center school that are taught by a certified teacher and provide for the teaching and learning of the appropriate skills and knowledge in the subject matter standards may, upon approval of the State Board of Education and the independent district board of education, be counted for academic credit and toward meeting the graduation requirements of this section.

3. Internet-based courses or vocational-technical courses utilizing integrated or embedded skills for which no subject matter standards have been adopted by the State Board of Education may be approved by the Board, in consultation with the Oklahoma Department of Career and Technology Education if the courses are offered at a technology center school district, if such courses incorporate standards of nationally recognized professional organizations and are taught by certified teachers.

4. SECTION 34. REPEALER 70 O.S. 2011, Section 11-103.6, as last amended by Section 1, Chapter 210, O.S.L. 2014 (70 O.S. Supp. 2014, Section 11-103.6), is hereby repealed.

SECTION 35. AMENDATORY 70 O.S. 2011, Section 1210.508C, as last amended by Section 10, Chapter 430, O.S.L. 2014 (70 O.S. Supp. 2014, Section 1210.508C), is amended to read as follows:

Section 1210.508C. A. 1. Each student enrolled in kindergarten in a public school in this state shall be screened for reading skills including, but not limited to, phonological awareness, letter recognition, and oral language skills as identified in the subject matter standards adopted by the State Board of Education. A screening instrument approved by the State Board shall be utilized for the purposes of this section.

2. For those kindergarten children at risk for reading difficulties, teachers shall emphasize reading skills as identified in the subject matter standards adopted by the State Board of Education, monitor progress throughout the year and measure year-end reading progress.

3. Classroom assistants, which may include parents, grandparents, or other volunteers, shall be provided in kindergarten classes to assist with the screening of students if a teacher aide is not already employed to assist in a kindergarten classroom.

B. 1. Each student enrolled in kindergarten, first, second and third grade of the public schools of this state shall be assessed at the beginning of each school year using a screening instrument approved by the State Board of Education for the acquisition of reading skills including, but not limited to, phonological awareness, phonics, spelling, reading fluency, vocabulary, and comprehension.

2. Any student who is assessed and found not to be reading at the appropriate grade level shall be provided a program of reading instruction designed to enable the student to acquire the appropriate grade level reading skills. Beginning with students entering the first grade in the 2011-2012 school year, the program of reading instruction shall include provisions of the READ

Initiative adopted by the school district as provided for in subsection O of this section.

3. Throughout the year progress monitoring shall continue, and diagnostic assessment, if determined appropriate, shall be provided. Year-end reading skills shall be measured to determine reading success.

C. The State Board of Education shall approve screening instruments for use at the beginning of the school year, for monitoring of progress, and for measurement of reading skills at the end of the school year as required in subsections A and B of this section; provided, at least one of the screening instruments shall meet the following criteria:

1. Assess for phonological awareness, phonics, reading fluency, and comprehension;

2. Document the validity and reliability of each assessment;

3. Can be used for diagnosis and progress monitoring;

4. Can be used to assess special education and limited-English-proficient students;

5. Accompanied by a data management system that provides profiles for students, class, grade level and school building. The profiles shall identify each student's instructional point of need and reading achievement level. The State Board shall also determine other comparable reading assessments for diagnostic purposes and for periodic and post assessments to be used for students at risk of reading failure. The State Board shall ensure that any assessments approved are in alignment with the subject matter standards adopted by the State Board of Education.

D. The program of reading instruction required in subsection B of this section shall align with the subject matter standards adopted by the State Board of Education, shall include provisions of the READ Initiative adopted by the school district as provided for in subsection O of this section beginning with students entering the first grade in the 2011-2012 school year and may include, but is not limited to:

1. Sufficient additional in-school instructional time for the acquisition of phonological awareness, phonics, spelling, reading fluency, vocabulary, and comprehension;

2. If necessary, tutorial instruction after regular school hours, on Saturdays and during summer; however, such instruction may not be counted toward the one-hundred-eighty-day or one-thousand-eighty-hour school year required in Section 1-109 of this title; and

3. Assessments identified for diagnostic purposes and periodic monitoring to measure the acquisition of reading skills including, but not limited to, phonological awareness, phonics, spelling, reading fluency, vocabulary, and comprehension, as identified in the student's program of reading instruction.

E. The program of reading instruction shall continue until the student is determined by the results of approved reading assessments to be reading on grade level.

F. 1. Every school district shall adopt, and implement a district reading sufficiency plan which has had input from school administrators, teachers, and parents and if possible a reading specialist, and which shall be submitted electronically to and approved by the State Board of Education. The plan shall be updated annually. School districts shall not be required to electronically submit the annual updates to the Board if the last plan submitted to the Board was approved and expenditures for the program include only expenses relating to individual and small group tutoring, purchase of and training in the use of screening and assessment measures, summer school programs and Saturday school programs. If any expenditure for the program is deleted or changed or any other type of expenditure for the program is implemented, the school district shall be required to submit the latest annual update to the Board for approval. The district reading sufficiency plan shall include a plan for each site which includes an analysis of the data provided by the Oklahoma School Testing Program and other reading assessments utilized as required in this section, and which outlines how each school site will comply with the provisions of the Reading Sufficiency Act.

2. Each school site shall establish a committee, composed of educators, which if possible shall include a certified reading specialist, to develop the required programs of reading instruction. A parent or guardian of the student shall be included in the development of the program of reading instruction for that student.

3. The State Board of Education shall adopt rules for the implementation and evaluation of the provisions of the Reading Sufficiency Act. The evaluation shall include, but not be limited to, an analysis of the data required in subsection S of this section.

G. For any third-grade student found not to be reading at grade level as determined by reading assessments administered pursuant to this section, a new program of reading instruction, including provisions of the READ Initiative adopted by the school district as provided for in subsection O of this section, shall be developed and implemented as specified in this section. If possible, a fourth-grade teacher shall be involved in the development of the program of reading instruction. In addition to other requirements of the Reading Sufficiency Act, the plan may include specialized tutoring.

H. 1. Any student who demonstrates proficiency in reading at the third-grade level through a screening instrument which meets the acquisition of reading skills criteria pursuant to subsection B of this section shall not be subject to the retention guidelines found in this section. Upon demonstrating the proficiency through the screening, the district shall provide notification to the parent(s) and/or guardian(s) of the student that they have satisfied the requirements of the Reading Sufficiency Act and will not be subject to retention pursuant to this section.

2. If a third-grade student is identified at any point of the academic year as having a significant reading deficiency, which shall be defined as scoring below proficient on a screening instrument which meets the acquisition of reading skills criteria pursuant to subsection B of this section, the district shall immediately begin a student reading portfolio as provided by subsection K of this section and shall provide notice to the parent of the deficiency pursuant to subsection I of this section.

3. a. If a student has not yet satisfied the proficiency requirements of this section prior to the completion of third grade, the student may qualify for automatic promotion to the fourth grade upon scoring at the "limited knowledge" level on the reading portion of the statewide third-grade criterion-referenced test.
- b. Prior to promotion, however, the district shall provide notice to the parent(s) and/or guardian(s) of the child that the child is not yet reading at grade level in reading and provide the parent(s) and/or guardian(s) of the child the option for retention should they so desire. The notice shall contain, at a minimum, the most recently identifiable grade level on which the student is actually proficient, the opportunities for summer reading programs, school and/or community based reading tutoring, vendors which provide reading tutoring and the rights to the continuing intensive remediation pursuant to this paragraph.
- c. A student so promoted shall be entitled to intensive remediation in reading until the student is able to demonstrate proficiency in reading at the grade level in which the student is enrolled. An intensive remediation plan shall be developed by a "Student Reading Proficiency Team" composed of:
 - (1) the parent(s) and/or guardian(s) of the student,
 - (2) the teacher assigned to the student who had responsibility for reading instruction in that academic year,
 - (3) a teacher in reading who teaches in the subsequent grade level,
 - (4) the school principal, and
 - (5) a certified reading specialist, if one is available.

4. If a student has not yet satisfied the proficiency requirements of this section prior to the completion of third grade and still has a significant reading deficiency, as identified based on assessments administered that meet the acquisition of reading skills criteria pursuant to subsection B of this section, has not accumulated evidence of third-grade proficiency through a student portfolio as provided in subsection K, or is not subject to a good cause exemption as provided in subsection K, then the student shall not be eligible for automatic promotion to fourth grade.

5. a. For the 2013-14 and 2014-15 school years, a student not qualified for automatic promotion under paragraph 4 of this subsection may be evaluated for "probationary promotion" by a "Student Reading Proficiency Team" composed of:

- (1) the parent(s) and/or guardian(s) of the student,
- (2) the teacher assigned to the student who had responsibility for reading instruction in that academic year,
- (3) a teacher in reading who teaches in the subsequent grade level,
- (4) the school principal, and
- (5) a certified reading specialist.

The student shall be promoted to the fourth grade if the team members unanimously recommend "probationary promotion" to the school district superintendent and the superintendent approves the recommendation that promotion is the best option for the student. If a student is allowed a "probationary promotion", the team shall continue to review the reading performance of the student and repeat the requirements of this paragraph each academic year until the student demonstrates grade-level reading proficiency, as identified through a screening instrument which meets the acquisition of reading skills criteria pursuant to subsection B of this section, for the corresponding grade level in which the student is enrolled or transitions to the requirements set forth by the Achieving Classroom Excellence Act.

6. Beginning with the 2015-16 school year, students who score at the unsatisfactory level on the reading portion of the statewide third-grade criterion referenced test and who are not subject to a good cause exemption as provided in subsection K of this section shall be retained in the third grade and provided intensive instructional services and supports as provided for in subsection N of this section.

7. Each school district shall annually report to the State Department of Education the number of students promoted to the fourth grade pursuant to paragraphs 1 and 3 of this subsection. Following the 2013-14 and 2014-15 school years, each school district shall report the number of students promoted to a subsequent grade pursuant to the provisions in paragraph 5 of this subsection. The State Department of Education shall publicly report the aggregate and district specific number of students promoted on their website and shall provide electronic copies of the report to the Governor, Secretary of Education, President Pro Tempore of the Senate, Speaker of the House of Representatives and to the respective chairs of the committees with responsibility for common education policy in each legislative chamber.

8. Nothing shall prevent a school district from applying the principles of paragraphs 4 and 5 of this subsection in grades kindergarten through second grade.

I. The parent of any student who is found to have a reading deficiency and is not reading at the appropriate grade level and has been provided a program of reading instruction as provided for in subsection B of this section shall be notified in writing of the following:

1. That the student has been identified as having a substantial deficiency in reading;

2. A description of the current services that are provided to the student;

3. A description of the proposed supplemental instructional services and supports that will be provided to the student that are designed to remediate the identified area of reading deficiency;

4. That the student will not be promoted to the fourth grade if the reading deficiency is not remediated by the end of the third grade, unless the student is otherwise promoted as provided for in subsection H of this section or is exempt for good cause as set forth in subsection K of this section;

5. Strategies for parents to use in helping their child succeed in reading proficiency;

6. That while the results of the statewide criterion-referenced tests administered pursuant to Section 1210.508 of this title are the initial determinant, ~~it is~~ they are not the sole determiner of promotion and that portfolio reviews and assessments are available; and

7. The specific criteria and policies of the school district for midyear promotion implemented as provided for in paragraph 4 of subsection N of this section.

J. No student may be assigned to a grade level based solely on age or other factors that constitute social promotion.

K. For those students who do not meet the academic requirements for promotion and who are not otherwise promoted as provided for in subsection H of this section, a school district may promote the student for good cause only. Good-cause exemptions for promotion shall be limited to the following:

1. Limited-English-proficient students who have had less than two (2) years of instruction in an English language learner program;

2. Students with disabilities whose individualized education program (IEP), consistent with state law, indicates that the student is to be assessed with alternate achievement standards through the Oklahoma Alternate Assessment Program (OAAP);

3. Students who demonstrate an acceptable level of performance on an alternative standardized reading assessment approved by the State Board of Education;

4. Students who demonstrate, through a student portfolio, that the student is reading on grade level as evidenced by demonstration of mastery of the state standards beyond the retention level;

5. Students with disabilities who participate in the statewide criterion-referenced tests and who have an individualized education program that reflects that the student has received intensive remediation in reading for more than two (2) years but still demonstrates a deficiency in reading and was previously retained in prekindergarten for academic reasons, kindergarten, first grade, second grade, or third grade;

6. Students who have received intensive remediation in reading through a program of reading instruction for two (2) or more years but still demonstrate a deficiency in reading and who were previously retained in prekindergarten for academic reasons, kindergarten, first grade, second grade, or third grade for a total of two (2) years; and

7. Students who have been granted an exemption for medical emergencies by the State Department of Education.

L. A student who is otherwise promoted as provided for in subsection H of this section or is promoted for good cause as provided for in subsection K of this section shall be provided intensive reading instruction during an altered instructional day that includes specialized diagnostic information and specific reading strategies for each student. The school district shall assist schools and teachers to implement reading strategies for the promoted students that research has shown to be successful in improving reading among low-performing readers.

M. Requests to exempt students from the retention requirements based on one of the good-cause exemptions as described in subsection K of this section shall be made using the following process:

1. Documentation submitted from the teacher of the student to the school principal that indicates the student meets one of the good-cause exemptions and promotion of the student is appropriate. In order to minimize paperwork requirements, the documentation shall consist only of the alternative assessment results or student

portfolio work and the individual education plan (IEP), as applicable;

2. The principal of the school shall review and discuss the documentation with the teacher and, if applicable, the other members of the team as described in subsection H of this section. If the principal determines that the student meets one of the good-cause exemptions and should be promoted based on the documentation provided, the principal shall make a recommendation in writing to the school district superintendent; and

3. After review, the school district superintendent shall accept or reject the recommendation of the principal in writing.

N. Beginning with the 2011-2012 school year, each school district shall:

1. Conduct a review of the program of reading instruction for all students who score at the unsatisfactory level on the reading portion of the statewide criterion-referenced test administered pursuant to Section 1210.508 of this title and did not meet the criteria for one of the good-cause exemptions as set forth in subsection K of this section. The review shall address additional supports and services, as described in this subsection, needed to remediate the identified areas of reading deficiency. The school district shall require a student portfolio to be completed for each retained student;

2. Provide to students who have been retained as set forth in subsection H of this section with intensive interventions in reading, intensive instructional services and supports to remediate the identified areas of reading deficiency, including a minimum of ninety (90) minutes of daily, uninterrupted, scientific-research-based reading instruction. Retained students shall be provided other strategies prescribed by the school district, which may include, but are not limited to:

- a. small group instruction,
- b. reduced teacher-student ratios,
- c. more frequent progress monitoring,

- d. tutoring or mentoring,
- e. transition classes containing third- and fourth-grade students,
- f. extended school day, week, or year, and
- g. summer reading academies as provided for in Section 1210.508E of this title, if available;

3. Provide written notification to the parent or guardian of any student who is to be retained as set forth in subsection H of this section that the student has not met the proficiency level required for promotion and was not otherwise promoted and the reasons the student is not eligible for a good-cause exemption. The notification shall include a description of proposed interventions and intensive instructional supports that will be provided to the student to remediate the identified areas of reading deficiency;

4. Implement a policy for the midyear promotion of a retained student who can demonstrate that the student is a successful and independent reader, is reading at or above grade level, and is ready to be promoted to the fourth grade. Tools that school districts may use in reevaluating any retained student may include subsequent assessments, alternative assessments, and portfolio reviews, in accordance with rules of the State Board of Education. Retained students may only be promoted midyear prior to November 1 and only upon demonstrating a level of proficiency required to score above the unsatisfactory level on the statewide third-grade criterion-referenced test and upon showing progress sufficient to master appropriate fourth-grade-level skills, as determined by the school. A midyear promotion shall be made only upon agreement of the parent or guardian of the student and the school principal;

5. Provide students who are retained with a high-performing teacher who can address the needs of the student, based on student performance data and above-satisfactory performance appraisals; and

6. In addition to required reading enhancement and acceleration strategies, provide students who are retained with at least one of the following instructional options:

- a. supplemental tutoring in scientific-research-based reading services in addition to the regular reading block, including tutoring before or after school,
- b. a parent-guided "Read at Home" assistance plan, as developed by the State Department of Education, the purpose of which is to encourage regular parent-guided home reading, or
- c. a mentor or tutor with specialized reading training.

O. Beginning with the 2011-2012 school year, each school district shall establish a Reading Enhancement and Acceleration Development (READ) Initiative. The focus of the READ Initiative shall be to prevent the retention of third-grade students by offering intensive accelerated reading instruction to third-grade students who failed to meet standards for promotion to fourth grade and to kindergarten through third-grade students who are exhibiting a reading deficiency. The READ Initiative shall:

1. Be provided to all kindergarten through third-grade students at risk of retention as identified by the assessments administered pursuant to the Reading Sufficiency Act. The assessment used shall measure phonemic awareness, phonics, fluency, vocabulary, and comprehension;

2. Be provided during regular school hours in addition to the regular reading instruction; and

3. Provide a state-approved reading curriculum that, at a minimum, meets the following specifications:

- a. assists students assessed as exhibiting a reading deficiency in developing the ability to read at grade level,
- b. provides skill development in phonemic awareness, phonics, fluency, vocabulary, and comprehension,
- c. provides a scientific-research-based and reliable assessment,

- d. provides initial and ongoing analysis of the reading progress of each student,
- e. is implemented during regular school hours,
- f. provides a curriculum in core academic subjects to assist the student in maintaining or meeting proficiency levels for the appropriate grade in all academic subjects,
- g. establishes at each school, where applicable, an Intensive Acceleration Class for retained third-grade students who subsequently score at the unsatisfactory level on the reading portion of the statewide criterion-referenced tests. The focus of the Intensive Acceleration Class shall be to increase the reading level of a child at least two grade levels in one (1) school year. The Intensive Acceleration Class shall:
 - (1) be provided to any student in the third grade who scores at the unsatisfactory level on the reading portion of the statewide criterion-referenced tests and who was retained in the third grade the prior year because of scoring at the unsatisfactory level on the reading portion of the statewide criterion-referenced tests,
 - (2) have a reduced teacher-student ratio,
 - (3) provide uninterrupted reading instruction for the majority of student contact time each day and incorporate opportunities to master the fourth-grade state standards in other core subject areas,
 - (4) use a reading program that is scientific-research-based and has proven results in accelerating student reading achievement within the same school year,

- (5) provide intensive language and vocabulary instruction using a scientific-research-based program, including use of a speech-language therapist,
 - (6) include weekly progress monitoring measures to ensure progress is being made, and
 - (7) provide reports to the State Department of Education, in the manner described by the Department, outlining the progress of students in the class at the end of the first semester,
- h. provide reports to the State Board of Education, upon request, on the specific intensive reading interventions and supports implemented by the school district. The State Superintendent of Public Instruction shall annually prescribe the required components of the reports, and
 - i. provide to a student who has been retained in the third grade and has received intensive instructional services but is still not ready for grade promotion, as determined by the school district, the option of being placed in a transitional instructional setting. A transitional setting shall specifically be designed to produce learning gains sufficient to meet fourth-grade performance standards while continuing to remediate the areas of reading deficiency.

P. In addition to the requirements set forth in this section, each school district board of education shall annually report to the parent or guardian of each student in the district the progress of the student toward achieving state and district expectations for proficiency in reading, writing, science, and mathematics. The school district board of education shall report to the parent or guardian of each student the results on statewide criterion-referenced tests. The evaluation of the progress of each student shall be based upon classroom work, observations, tests, district and state assessments, and other relevant information. Progress reporting shall be provided to the parent or guardian in writing.

Q. 1. Each school district board of education shall annually publish on the school website, and report in writing to the State Board of Education by September 1 of each year, the following information on the prior school year:

- a. the provisions of this section relating to public school student progression and the policies and procedures of the school district on student retention and promotion,
- b. by grade, the number and percentage of all students in grades three through ten performing at the unsatisfactory level on the reading portion of the statewide criterion-referenced tests,
- c. by grade, the number and percentage of all students retained in grades three through ten,
- d. information on the total number and percentage of students who were promoted for good cause, by each category of good cause as specified above, and
- e. any revisions to the policies of the school district on student retention and promotion from the prior year.

2. The State Department of Education shall establish a uniform format for school districts to report the information required in this subsection. The format shall be developed with input from school districts and shall be provided not later than ninety (90) days prior to the annual due date.
