SECTION 1. ORS 459.235, as amended by section 8 of this 2015 Act, is amended to read:

459.235. (1) Applications for permits shall be on forms prescribed by the Department of Environmental Quality. An application shall contain a description of the existing and proposed operation and the existing and proposed facilities at the site, with detailed plans and specifications for any facilities to be constructed. The application shall include a recommendation by each local government unit having jurisdiction and such other information the department deems necessary in order to determine whether the site and solid waste disposal facilities located [*thereon*] **at the site** and the operation will comply with applicable requirements.

(2) The Environmental Quality Commission shall establish a schedule of fees for disposal site permits. [*The permit fees contained in the schedule shall be based on the anticipated cost of filing and investigating the application, of issuing or denying the requested permit and of an inspection program to determine compliance or noncompliance with the permit.*] **Consistent with the policies in ORS 459.015, moneys collected under this section shall be used to fund oversight activities related to solid waste disposal sites, including but not limited to policy development, permitting, inspecting, monitoring, enforcement, training, technical assistance, responding to complaints, rulemaking and any other activities that support the safe management of solid waste.**

[*(3) In addition to the fees imposed under subsection (2) of this section, the commission shall establish a schedule of permit fees for the purpose of implementing this section and ORS 90.318, 182.375, 279A.125, 279A.155, 279B.025, 279B.240, 279B.270, 279B.280, 459.005, 459.015, 459.247, 459.418, 459.995, 459A.005, 459A.010, 459A.020, 459A.030 to 459A.055, 459A.070, 459A.110, 459A.475, 459A.480, 459A.500 to 459A.685, 459A.695 and 459A.750. The fees shall be based on the amount of solid waste received at the disposal site.*]

[*(4)*] **(3)** Notwithstanding any other fee or surcharge imposed under ORS 459.005 to 459.437 or 459A.005 to 459A.120, for the disposal of solid waste, in order to encourage the use of suitable material other than virgin material for daily cover at a disposal site, the only fee that may be charged

for the disposal of substitute material that is also used for daily cover is the permit fee established under this section.

SECTION 2. ORS 459.236 is amended to read:

459.236. (1) In addition to the permit fees provided in ORS 459.235, upon prior approval by the Oregon Department of Administrative Services and a report to the Emergency Board prior to adopting the fees, [on January 1 of each year] there is imposed a fee on all:

(5)(a) A local government unit that franchises or licenses a domestic solid waste site shall allow the disposal site to pass through the amount of the fees established by the commission in subsection (1) of this section to the users of the site.

(b) If a disposal site that receives domestic solid waste passes through all or a portion of the fees established by the commission in subsection (1) of this section to a solid waste collector who uses the site, a local government unit that franchises or licenses the collection of solid waste shall allow the franchisee or licensee to include the amount of the fee in the collection service rate.

(6) Except as provided in subsection (7) of this section, moneys collected under this section shall be deposited in the Orphan Site Account created under ORS 465.381 to be used to pay the costs of removal or remedial action of hazardous substances, in excess of the maximum amount collected under ORS 459.311 at:

[6(a)] (7)(a) A local government that franchises or licenses a disposal site that receives domestic solid waste shall allow the disposal site to pass through the amount of the fees established by the commission in [subsection (1)] **subsections (1) and (2)** of this section to the users of the site.

(b) If a disposal site that receives domestic solid waste passes through all or a portion of the fees established by the commission in [subsection (1)] **subsections (1) and (2)** of this section to a solid waste collector who uses the site, a local government that franchises or licenses the collection of solid waste shall allow the franchisee or licensee to include the amount of the fee in the collection service rate.

(a) **The fees established under ORS 459A.110 (1) shall be no more than \$1.18 per ton for the biennium beginning July 1, 2015; and**

(b) **Any per-ton fee on disposal sites for composting under ORS 459A.110 (2) shall be no more than the per-ton fee assessed on domestic solid waste disposal under ORS 459A.110 (1), less \$0.81 per ton.**

(2) **For the biennium beginning July 1, 2017, and each subsequent biennium and subject to prior approval by the Oregon Department of Administrative Services, the Environmental Quality Commission may:**

(a) **Proportionally adjust the fees established under this section and ORS 459A.110 to meet revenue needs consistent with the budget authorized by the Legislative Assembly as that budget may be modified by the Emergency Board; or**

(b) **Adjust for inflation by modifying the amount of the fees established under this section and ORS 459A.110 based on the West Region Consumer Price Index for All Urban Consumers for All Items, as published by the Bureau of Labor Statistics of the United States Department of Labor.**

(3) **Any fee adjustment adopted pursuant to subsection (2) of this section shall be adopted not less than six months prior to the date that the fee adjustment will be effective.**

(4) **The commission may not adopt a fee adjustment under subsection (2) of this section if the adjustment would result in:**

(a) **A fee increase or decrease of less than two percent for the biennium for which the fee adjustment will be effective; or**

(b) A fee under ORS 459A.110 (1) that is greater than the maximum fee provided for in subsection (1)(a) of this section adjusted annually on July 1 by a three percent increase in the maximum fee.

(5) The commission may not adopt more than one fee adjustment under subsection (2) of this section each biennium.

SECTION 6a. (1)(a) By September 30 of each year, the Department of Environmental Quality shall provide a rebate of the fees established under ORS 459A.110 to the nine most economically distressed counties in this state.

(b) The department shall annually identify the counties that will receive the rebate provided for under this section and, no later than January 31 of each year, provide notice to:

(A) Each of the economically distressed counties identified by the department that will receive the rebate calculated under subsection (2) of this section for the calendar year; and

(B) Each of the counties that received a rebate during the previous calendar year.

(2)(a) For the biennium beginning July 1, 2015, the amount of the rebate provided to an economically distressed county under this section shall be no more than \$0.28 per:

(A) Each ton of solid waste disposed that was generated within the economically distressed county during the previous calendar year; or

(B) If the department calculates an adjustment under paragraph (c) of this subsection, each adjusted ton of solid waste disposed that was generated within the economically distressed county during the previous calendar year.

(b) For the biennium beginning July 1, 2017, and each subsequent biennium, if the Environmental Quality Commission adjusts the fees established under ORS 459A.110 pursuant to section 6 (2) of this 2015 Act, the commission shall also proportionally adjust the amount of the per-ton rebate specified in paragraph (a) of this subsection.

(c)(A) The department shall calculate the total tonnage of solid waste disposed that was generated in a calendar year within all of the economically distressed counties identified under subsection (1) of this section.

(B) If the total for all economically distressed counties is greater than 10 percent of all solid waste disposed of in this state during the same calendar year, the department may calculate an adjusted tonnage for each economically distressed county for purposes of calculating the rebate provided for under this section.

(C) The adjusted tonnage for each economically distressed county shall be proportional to the actual tonnage generated and calculated such that the sum of the adjusted tonnage for all of the economically distressed counties is equal to 10 percent of all solid waste disposed of in this state during the calendar year.

(3) If a city within an economically distressed county owns and operates a landfill, the department shall distribute the portion of the rebate for the economically distressed county that is calculated based on tons of solid waste disposed that was generated in the county and disposed of at the landfill owned by the city to the city instead of the county.

(4) Moneys received by a city or county pursuant to the rebate program provided for under this section may be used only for:

(a) Purposes authorized in ORS 459A.120;

(b) The operation of solid waste disposal facilities; or

(c) The reduction of disposal fees.

(5)(a) The commission shall adopt rules to carry out the provisions of this section. Rules adopted under this subsection shall include:

(A) A methodology for identifying the most economically distressed counties in this state; and

(B) A process for providing rebates to the economically distressed counties.

(b) The methodology for identifying economically distressed counties adopted under this subsection may be based on a methodology adopted by the Oregon Business Development Department by rule under ORS 285A.020 and 285A.075.

(6) As used in this section:

(a) "Landfill" has the meaning given that term in ORS 459.005; and

(b) "Solid waste disposed" has the meaning given that term in ORS 459A.010 (4)(h).

(5)(a) A local government unit that franchises or licenses a domestic solid waste site shall allow the disposal site to pass through the amount of the fees established by the commission in subsection (1) of this section to the users of the site.

(b) If a disposal site that receives domestic solid waste passes through all or a portion of the fees established by the commission in subsection (1) of this section to a solid waste collector who uses the site, a local government unit that franchises or licenses the collection of solid waste shall allow the franchisee or licensee to include the amount of the fee in the collection service rate.

(6) Except as provided in subsection (7) of this section, moneys collected under this section shall be deposited in the Orphan Site Account created under ORS 465.381 to be used to pay the costs of removal or remedial action of hazardous substances, in excess of the maximum amount collected under ORS 459.311 at:

A fee schedule established under this subsection shall:

(a) Apply only to tonnage received by a disposal site for composting that is in excess of the first 5,000 tons received per year by the disposal site; and
