

119TH CONGRESS  
1ST SESSION

# H. R. 4174

To require the publication of data sets regarding firearm trace data.

---

## IN THE HOUSE OF REPRESENTATIVES

JUNE 26, 2025

Mr. GOLDMAN of New York (for himself, Mr. JOHNSON of Georgia, and Ms. NORTON) introduced the following bill; which was referred to the Committee on the Judiciary

---

## A BILL

To require the publication of data sets regarding firearm  
trace data.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

**3 SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “ATF Data and Anti-  
5 Trafficking Accountability Act” or the “ATF DATA Act”.

**6 SEC. 2. REQUIRING THE PUBLICATION OF DATA SETS RE-**

**7                   GARDING FIREARM TRACE DATA.**

8       (a) IN GENERAL.—Within 6 months after the date  
9 of the enactment of this Act and not less frequently than  
10 annually thereafter, the Attorney General, through the

1 Bureau of Alcohol, Tobacco, Firearms and Explosives (in  
2 this section referred to as the “Bureau”), shall submit to  
3 the Congress and make available to the public through  
4 electronic means a report that contains, at a minimum,  
5 the following information with respect to the then most  
6 recently completed calendar year (in this section referred  
7 to as the “period”) for which data is available:

8                 (1) Aggregated firearm trace data collected by  
9                 the Bureau during the period, disaggregated by the  
10                 license type of the source licensee.

11                 (2) A list of the 200 source licensees to whom  
12                 the highest number of firearms were traced during  
13                 the period, including—

14                     (A) the aggregate number of firearms  
15                 traced to each such licensee, disaggregated by  
16                 handguns, rifles, and shotguns;

17                     (B) the cities from which the firearms were  
18                 recovered;

19                     (C) the average time-to-crime of the fire-  
20                 arms traced to each such licensee;

21                     (D) the categories (determined by the At-  
22                 torney General) of crimes committed with the  
23                 firearms traced to each such licensee, if such  
24                 information is available;

(E) the number of traced firearms transferred by each licensee in any multiple sale; and

(F) the number of firearms traced to each licensee that the licensee reported, pursuant to section 923(g)(6) of title 18, United States Code, as lost or stolen.

(3) Aggregated data for the period on—

(A) the distribution among source licensees of the following, disaggregated by licensee type, by total number, by percentage, and by source State—

(i) 0 or more traced firearms;

(ii) 1 or more traced firearms;

(iii) 2 or more traced firearms;

(iv) 5 or more traced firearms;

(v) 10 or more traced firearms;

(vi) 25 or more traced firearms; and

(vii) 50 or more traced firearms; and

(B) the number of source licensees who  
any firearms traces, disaggregated by State.

(4) Aggregated firearm trace data for the pe-

riod, disaggregated by the 50 Metropolitan Statistical Areas with the highest overall homicide rates (as determined by the Attorney General) for the period and by the 50 such areas with the highest per-

1 capita homicide rates (as so determined) for the pe-  
2 riod, as listed in the Federal Bureau of Investigation  
3 report, entitled “Crime in the U.S.”, covering the  
4 period or other national crime data used by the Bu-  
5 reau of Alcohol, Tobacco, Firearms and Explosives  
6 for the period, including—

- 7                             (A) the total number of firearms recovered;
- 8                             (B) the number and percentage of firearms  
9                             recovered from the 10 source States where the  
10                            10 greatest numbers of initial retail sales of the  
11                            firearms occurred;
- 12                             (C) the 20 source licensees who made the  
13                            20 greatest numbers of initial retail sales of the  
14                            firearms recovered;
- 15                             (D) the number of recovered firearms  
16                             traced to each of the 20 licensees referred to in  
17                             subparagraph (C), further disaggregated by—
  - 18                                 (i) the average time-to-crime for the  
19                                firearms traced to the licensee; and
  - 20                                 (ii) the number of firearms traced to  
21                                the licensee with respect to which the time-  
22                                to-crime was less than 3 years;
- 23                             (E) the identities of the Federal, State, or  
24                             local government agency that recovered the fire-  
25                             arms;

(F) the types of firearms recovered; and

(G) the total number of recovered firearms

with a time-to-crime of—

(i) less than 3 years;

(ii) less than 2 years; and

(iii) less than 1 year.

(5) Data, aggregated by State, related to the sales of firearms traced during the period, includ-

(A) the category (as determined by the Attorney General) of crime leading to recovery, where the information is available;

(B) the 10 manufacturers who made the 10 greatest numbers of the firearms, the firearm models of the 10 greatest number of the firearms, the 10 most recovered finishes or colors of the firearms, and the 10 most recovered barrel lengths of the firearms; and

(C) the average time-to-crime for each sub-category (as determined by the Attorney General) of crime committed with the firearms.

(A) the number of—

(i) handguns; and

(ii) rifles the source State of which requires the reporting of rifle sales that are part of a multiple sale of rifles;

(B) the average time-to-crime for the firearms; and

(C) the percentage of the firearms recovered in the State in which initially purchased.

(7) The following data on traced firearms determined to have been lost by or stolen from a licensee during the period, disaggregated by State:

(A) The number of the firearms, further disaggregated by licensee type.

(B) The number of the firearms, further disaggregated by average time-to-crime.

(C) The percentage of the firearms not reported by licensees as lost or stolen before the date of the trace request for the firearm involved.

(D) The percentage of the firearms recovered in the State in which the business premises from which the source licensee conducts business subject to the license is located.

(E) The number of licensees who have had  
2 or more firearms lost or stolen in the 5 years  
preceding the period.

(F) The number of firearms lost or stolen from licensees referred to in subparagraph (E).

(G) The number of reports of lost or stolen firearms filed by licensees referred to in subparagraph (E).

(A) the State in which the firearm was re-covered;

18 (B) the type of firearm; and

19 (C) the firearm brand, if known.

(9) A list, disaggregated by whole number and by per capita, of—

(A) the 50 law enforcement agencies in the United States that requested the greatest number of firearm traces during the period; and

(B) the 10 law enforcement agencies in the United States that requested the greatest number of traces per State during the period.

(10) The aggregate number of traces during the period of firearms with serial numbers engraved or cast on the receiver or frame of the firearm in accordance with section 923(i) of such title that were recovered in a foreign country and submitted to the Bureau for tracing, disaggregated by—

(A) the foreign country in which recovered;

(B) the number and percentage that were  
nally purchased in the United States:

(C) the average time-to-crime for the fire-s:

(D) the number of firearms sold as part of  
multiple sales, and

(E) the type of firearms

### (11) An overview and analysis of

## (A) firearms trafficking patterns in the

(B) firearms trafficking investigations undertaken by the Department of Justice, including at a minimum—

(i) the number of firearms diverted

from legal to illegal commerce by the targets of firearms trafficking investigations;

(ii) a description of how the traf-

ficking investigations were initiated, including the number and percentage that

7 were initiated through—

(I) multiple sales records;

## (II) crime gun trace data anal-

ysis;

(III) inspections of licensees; or

(IV) licensee reporting of lost or

stolen firearms;

(iii) the number and percentage of

firearms trafficking investigations in which youth and juveniles were involved as pos-

sessors, straw

traffickers;

(iv) a description of the crimes firearms traffickers were charged with, and

convicted of, and the number and percentage of investigations and defendants that

involved those crimes; and

1 (v) a breakdown by State of the num-  
2 ber and percentage of firearms trafficking  
3 investigations; and

(C) the role of sales by unlicensed individuals or entities in firearms trafficking, including sales facilitated—

7 (i) at gun shows; or

(ii) through online forums.

9           (b) DEFINITIONS.—In this section:

1       44 of title 18, United States Code, who made the  
2       initial sale of the firearm to an unlicensed person.

3                 (5) The term “source State” means, with re-  
4       spect to a firearm, the State or other territory of the  
5       United States where the initial retail sale of the fire-  
6       arm occurred.

7                 (6) The term “privately made firearm” means  
8       a firearm that—

9                         (A) is assembled or otherwise made by a  
10      person other than a licensed manufacturer; and  
11                         (B) is not identified by means of a serial  
12      number or other mark engraved or cast on the  
13      receiver or frame by a licensed manufacturer or  
14      licensed dealer.
