5           with the Department of Energy; or

6           (D) an entity performing scientific and en-  
7           gineering activities under contract with the De-  
8           partment of Energy.

9           (c) COMMISSION REVIEW AND RECOMMENDATIONS.—

10           (1) The Commission shall, by no later than Feb-  
11           ruary 1, 2015, transmit to the Secretary of Energy  
12           and the Committees on Appropriations of the House  
13           of Representatives and the Senate a report containing  
14           the Commission's findings and conclusions.

15           (2) The Commission shall address whether the  
16           Department of Energy's national laboratories—

17           (A) are properly aligned with the Depart-  
18           ment's strategic priorities;

19           (B) have clear, well understood, and prop-  
20           erly balanced missions that are not unnecessarily  
21           redundant and duplicative;

22           (C) have unique capabilities that have suffi-

11          ducing overhead costs, reevaluating governance models  
12          using industrial and academic bench marks for com-  
13          parison, and assessing the impact of DOE's oversight  
14          and management approach. In its evaluation, the  
15          Commission should also consider the cost and effec-  
16          tiveness of using other research, development, and  
17          technology centers and universities as an alternative  
18          to meeting DOE's energy and national security goals.

19          (4) The Commission shall analyze the effective-  
20          ness of the use of laboratory directed research and de-

11          that (in whole or in part) are funded by the agency’s  
12          programs and Federal discretionary funds that are

15          not otherwise adversely affect vulnerable populations  
16          that are the recipients of such services.

17 In making this determination, the head of the agency may  
18 take into consideration the other Federal discretionary

9                 (B) *issue a written determination, prior to*  
10 *granting the waiver, with respect to such discre-*
